resentment he documents the trip in a series of journal entries that are funny sad and piercingly insightful Juxtaposed with the hostile environment the tense situation becomes explosive with raw energy and acuity somewhere between Hunter S Thompson and David Sedaris we see Mom going insane Dad drinking compulsively and Richard busy getting high on smuggled drugs Anything can happen and it does in this family travelogue for the twenty first century *The Basketball Coach's Primer* Thomas Froom,2018-09-24 The Basketball Coach s Primer is a resource of basketball ideas It is written for coaches ready to review the principles and methods of the game before getting started with a new team or for renewing coaches reviewing for the next season of basketball Reviewing and renewing to gain greater understanding makes the game better for all the people of basketball The basketball content or substance herein is not the authoritative last word but this study puts forward the important ideas for developing the players and the game at a fundamental level This resource provides a synopsis of essentials including a comprehensive outline of the basic maneuvers and processes for developing the skills and mobility of the players A substantial quantity of relevant game specific basketball applications are added to the mix of ideas for good measure The Basketball Coach s Primer also lays the basis for a more advanced game if needed From Cape Cod to Canada: The Journey of a Basketball Coach Tom Dirs,2017-04-17 Our career as a basketball coach began in Colorado and ended in Alberta This book is the story of our 38 years as a coach Every year we coached we learned something new Sometime it was dealing with the X s O s Often it was something about relationships The book follows our career and we have included some of the charts and plays we found to be useful throughout our journey All in all it has been a good run and the times were interesting Our wish is that you will be able to use these ramblings to better understand that the sport of basketball is much more than X s and O s Have a great career **A Game Plan for Effective Leadership** Robert Palestini,2008-07-17 The conventional wisdom is that leaders are born not made Author Robert Palestini argues that his experience and scholarly research indicate that leadership skills can be learned The first chapter of this book speaks to the so called science of administration and leadership while the second chapter deals with the art of leadership One needs to learn how to lead with both mind science and heart art to be truly effective The effective building blocks of quality leadership are the skills of communication motivation organizational development management and creativity Mastering the theory and practice in these areas of study will produce high quality leadership ability and in turn produce successful leaders This book uses the case study approach in order to facilitate placing theory into effective practice Each chapter contains an extensive study on one of ten of the most successful basketball coaches of our times including Phil Jackson Bobby Knight Mike Krzyzewski Pat Riley Pat Summitt and Dean Smith The book looks to see how these coaches were able to place leadership theory into effective practice The lessons learned will prove invaluable to leaders and aspiring leaders whether they be a parent teacher school principal athletic director coach or CEO **Out of the Park** John Passfield,2011-10-05 When we go to a baseball stadium and cheer a person like Babe Ruth for hitting the ball harder higher further and more often than the

other players we are cheering him as our representative We cheer people of exceptional accomplishment whose achievements are so highly visible and so obviously measurable because we too are faced with the complexity of the lives that we live and are challenged to perform feats of heroic proportions just to be able to say that we have lived our lives well when we come to the end In the novel Babe Ruth says There aint nothin like a game of baseball There aint nothin like a beautiful summer day with the clouds light and fluffy and the sun on the back of your shoulders and a nice liftin breeze comin down onto the field from out of the stands The man who feels this way about the game he loves is a man who faces enormous challenges digs deep down inside himself and finds whatever is needed in order to triumph in the game of life This makes him a fitting representative for us all we all hit spectacular home runs in our own quiet ways *Joe Namath, Game by Game*

Bryan L. Yeatter, 2014-01-10 This is a comprehensive reference work covering Joe Namath's entire professional football career following it season by season and game by game After a lengthy opening chapter discussing Namath's college career and his enormous impact on professional football after turning pro in 1965 the book proceeds to chronicle every game of his pro career Chapter 6 documents Super Bowl III while the concluding chapter sizes up Namath's career and addresses the debate over his Hall of Fame status
