Politically Incorrect Ofra Yeshua-Lyth, 2016-10-13 An eye-opening memoir on the struggle between religion and democracy in Israel. Israel claims to be a modern democratic state, but Israeli writer Ofra Yeshua Lyth reveals some startling truths about modern-day Israel: how although up to 70% of Israelis do not follow the Jewish religion, all citizens are subject to laws designed to favor religious Israelis over all others. In matters of birth and death, marriage and divorce, finance, and the military, Israel's rabbis exercise iron control over their government. Yeshua Lyth sees the seeds of Israel's demise in the growing tension between Israelis who want to lead modern secular lives and those who wish Israel to continue in the iron grip of the rabbis. The author's arguments are woven through the story of her childhood and later life in Israel, illustrating the conflicts between modern democracy and an outdated theocracy in everyday life. Publisher description.

People with Dementia Speak Out Lucy Whitman, 2015-09-21 In this book, contributors from a wide range of backgrounds reflect on their experiences of living with dementia and what impact the condition has had on their lives. This timely collection offers a much-needed opportunity to hear the voices of people with dementia as they demystify the condition and break down stigma and stereotypes.

The Invention of the Land of Israel Shlomo Sand, 2012-11-20 This groundbreaking work deconstructs the age-old legends surrounding the Holy Land of Israel and the prejudices that continue to suffocate it. What is a homeland, and when does it become a national territory? Why have so many people been willing to die for them throughout the 20th century? What is the essence of the Promised Land? Following the acclaimed and controversial *Invention of the Jewish People*, Shlomo Sand examines the mysterious sacred land that has become the site of the longest-running national struggle of the 20th century. Sand's account dissects the concept of historical right and tracks the invention of the modern geopolitical concept of the Land of Israel by 19th-century Evangelical Protestants and Jewish Zionists. This invention, he argues, not only facilitated the colonization of the Middle East and the establishment of the State of Israel, it is also what is threatening the existence of the Jewish state today.

In Search of the Hebrew People Ofri Ilany, 2018-04-01 As German scholars, poets, and theologians searched for the origins of the ancient Israelites, Ofri Ilany believes they created a model for nationalism that drew legitimacy from the biblical idea of the Chosen People. In this broad exploration of eighteenth-century Hebraism, Ilany tells the story of the surprising role that this model played in discussions of ethnicity, literature, culture, and nationhood among the German-speaking intellectual elite. He reveals

the novel portrait they sketched of ancient Israel and how they tried to imitate the Hebrews while forging their own national consciousness This sophisticated and lucid argument sheds new light on the myths concepts and political tools that formed the basis of modern German culture

The Ultimate African Solution, Race...First Brick CC Crawford, 2018-04-05

Ever since I came into being I've often wondered about the real purpose for my existence I observe the surrounding elements the sun the moon the astronomical number of stars and galaxies and to be a part of this universal expanse makes me believe that there is much more to this equation than being born live then die I arrived on this earth through the African bloodline and it didn't take long to notice the vast discrepancies amongst the races where Africans are thoroughly overlooked on the world stage We are underrepresented in regards to important decisions been made above our heads and disrespect of the Black race is IN YOUR FACE blatant A Black person born today will endure the same fate as Black people did a hundred years ago and the system is designed to maintain Africans in the same dependent position for many generations to come Black people in the western hemisphere has been geared to only strive for an elusive equality when reunification with Mother Africa should be our ultimate goal to achieve racial parity THE ULTIMATE AFRICAN SOLUTION will solve all of Black people's problems and provide the whole African race with one hundred percent employment for this and future generations The negative effects that slavery and colonialism has on the African's psyche must be affectedly nullified first and foremost in order to step up in race There are numerous steps to take to overcome the mental struggles caused from the enslavement of the mind syndrome and ridding the African race of self hate tops the list Africans It is imperative that we revel in each other's successes and instead of willfully keeping ourselves down we offer helping hands to pick each other up Africa is due reparation for the atrocities that our ancestors had to bear in order for the two races here in question to be able to truly coexist as nature intended Fighting on their behalf to make right them being wronged throughout five hundred years of recent history and still counting will allow our deserving ancestors to finally rest in peace THE ULTIMATE AFRICAN SOLUTION will be achieved without any human beings losing their lives No one have to die
