nation states in the age of migration **Great Awakenings** David Horn, Gordon L. Isaac, 2022-05-03 This book is an engaging look at spiritual awakenings that have happened in the church throughout history. It examines how these extraordinary movements of God translate into the larger cultural analysis of today. Spiritual awakenings have refreshed the people of God from the very origins of the church. What about these past movements can be instructive for the church today? Can we expect God's awakening presence in our day? These questions brought about the Surprising Work of God Conference in the fall of 2015 in which speakers traced awakening movements from the Old and New Testaments to the present day. **Great Awakenings** represents the culmination of this conference as the collected works of notable speakers. Chapters address questions about spiritual awakenings through historical, theological, and sociological lenses. They look at the events that precipitated these awakenings, evaluating whether their causes were purely religious or otherwise, and finally suggest what about the awakenings is normative for the church today.
