A Book of Cambridge Verse (Classic Reprint) Ernest Edward Kellett, 2018-02-02 Excerpt from A Book of Cambridge Verse Nevertheless after all deductions have been made how much true poetry is yet left He must be hard to please who cannot find intense enjoyment in the Eclogues of Phineas Fletcher in Cowley's epitaph on Harvey in the Miltonic stanzas of Gray's Installation Ode in a score of other pieces grave quaint or classical in their allusive ness of phrasing Especially grateful must we be to the number of poets of exquisite feeling and easy mastery of form who during the last fifty or sixty years have enriched the language with delicate and elegant verse from which it has been only too difficult to choose because its quantity is so great and its merit so even Of this we trust we have given a tolerably adequate selection but it would have been easy to multiply it fourfold About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

List of Old and New Books, Part of the Stock of Andrew Carfrae, Etc Andrew Carfrae (the Younger.), 1826 *Wars Without End: a New Mechanism for World Peace* B.A. Zikria MD FACS, 2020-11-09 After arrival I visited museums and monuments in Washington D C I had a peak experience reading Thomas Jefferson's writing in the dome of the monument I have sworn upon the altar of God eternal hostility against every form of tyranny over the mind of man Ever since my faith in democracy has become unshakable I dedicate this book to the people of America to relit the torch of democracy for its revival and survival In the course of history humanity has struggled to survive to live with less threats exercising its free will for comfort and safety The book is based on all sources of knowledge to find out the probability of victory of constructive forces for peace vs destructive forces to allow the realization of World Peace Professor Audrey Cronin discovered the criteria of permanent neutrality's success for Switzerland Comparing it with Afghanistan she found that there is a good probability for Afghanistan to become a permanently neutral PN nation The author extended the same logic for achieving sustainable World Peace Of 193 member states of United Nation 170 meek nations demanding PN eventually others finding it to their interest also would guarantee their right for permanent neutrality by the Security Council of the United Nations

Rediscovering the Islamic Classics Ahmed El Shamsy, 2020-02-11 The people who selected edited and published the new print books on and about Islam exerted a huge influence on the resulting literary tradition These unheralded editors determined essentially what came to be understood by the early twentieth century as the classical written canon of Islamic thought Collectively this relatively small group of editors who brought Islamic literature into print crucially shaped how Muslim intellectuals the Muslim public and various Islamist movements understood the Islamic intellectual tradition In this book Ahmed El Shamsy recounts this sea change focusing on the Islamic literary culture of Cairo a hot spot of the infant publishing industry from the late nineteenth and twentieth centuries As El Shamsy argues the aforementioned editors included some of the greatest minds in the Muslim world and shared an ambitious intellectual agenda of revival reform and identity formation
