

How to Outline a Short Story

Turn your short story idea into a real work of fiction! Follow the guide below to plan your short story.

- Step 1.** Decide on a *protagonist*. The protagonist is your main character, and the person all the interesting stuff happens to.
- Step 2.** Decide on a *setting*. The setting is the place where your story happens.
- Step 3.** Decide on a *goal or problem*. This is what motivates your protagonist and creates the conflict that makes your story interesting.

You can think of a plot as an upside-down checkmark:

Your protagonist's name and description: _____

What he or she wants to achieve/avoid: _____

What happens at the climax (the most interesting part of the story): _____

What happens at the end: _____

Dramatic Story Structure Edward J. Fink, 2014-01-03. A successful screenplay starts with an understanding of the fundamentals of dramatic story structure. In this practical introduction, Edward J. Fink condenses centuries of writing about dramatic theory into ten concise and readable chapters providing the tools for building an engaging narrative and turning it into an agent-ready script. Fink devotes chapters to expanding on the six basic elements of drama from Aristotle's Poetics: plot, character, theme, dialogue, sound, and spectacle; the theory and structure of comedy as well as the concepts of unity, metaphor, style, universality, and catharsis. Key terms and discussion questions encourage readers to think through the components of compelling stories and put them into practice, and script formatting guidelines ensure your finished product looks polished and professional. *Dramatic Story Structure* is an essential resource not only for aspiring screenwriters but also for experienced practitioners in need of a refresher on the building blocks of storytelling.
