Mobile Learning Design Theories And Application Lecture Notes In Educational Technology:

Mobile Learning Design Daniel Churchill, Jie Lu, Thomas K.F. Chiu, Bob Fox, 2015-12-21 This book focuses on mobile learning design from both theoretical and practical perspectives. It introduces and discusses how mobile learning can be effectively integrated into curricula, highlighting the design of four key components of learning-centric pedagogy: Resource, Activity, Support, and Evaluation in the context of mobile learning. It also investigates the learning theories underpinning mobile learning design and includes case studies in different contexts. It provides practical insights that allow teachers to change and transform teaching practices using mobile technology. Anyone involved in mobile technology-enhanced learning and teaching will find this book both informative and useful.

Teaching and Mobile Learning Flavia Santoianni, Corrado Petrucco, Alessandro Ciasullo, Daniele Agostini, 2021-12-30 Teaching and Mobile Learning: Interactive Educational Design is a groundbreaking book which shows how to design innovative educational mobile learning environments for instructional designers, curriculum developers, and learning professionals. The book aims to solicit teachers, educators, and practitioners to adapt their teaching with the help of educational digital models related to mobile technologies. Mobile learning is a revolution in concepts like space, sound, production, and learning to get more and more customized in always connected and ever-changing educational mobile learning environments. Researchers and academicians can be trained in cognition processes in learning management of mixed reality and virtual bodies. Mixed reality mobile technologies are becoming tools for education and training in mixed reality mobile learning. Readers of this book will understand how user and device innovative interactions are borderline with attention deficit disorder, digital amnesia, and information overload. The book develops educational knowledge on how to manage mobile technology and specific learning disorders to monitor the use of smartphones and technology tools and to empower their role in learning enhancement processes.

Mobile Learning Applications in Early Childhood Education Papadakis, Stamatios, Kalogiannakis, Michail, 2019-11-29 Mobile technologies combined with an interdisciplinary approach to knowledge and organization of learning experiences that are meaningful to children could create a creative and interactive learning environment different from that of traditional teaching. Making good use of mobile learning with appropriate devices will increase the learning motivations of the students and help them bring about positive performance. Mobile Learning Applications in Early Childhood Education is a collection of innovative research on the methods and applications of mobile learning techniques and strategies within diversified teaching settings. While highlighting topics including computational thinking, ubiquitous learning, and social development, this book is ideally designed for researchers, teachers, parents, curriculum developers, instructional designers, academicians, students, and practitioners seeking current research on the application of mobile technology within child education.

Mobile Learning and Higher Education Helen Crompton, John Traxler, 2018-01-02 Mobile Learning and Higher Education provides case studies of mobile learning in higher education settings to showcase how devices can transform learning at the undergraduate and graduate

levels With the rapid diffusion of networked technologies among the adult populations of many countries and the supersession of the once ubiquitous lecture approach with active learner centered teaching for deep understanding mobile devices are increasingly used in higher education classrooms to offer unique and effective new approaches to teaching and learning A cutting edge research volume this collection also provides a springboard for building better practices in higher education institutions
