The Silencing of the Lambs Michael L. Brown, 2022-03-01 How long will the church's voice be drowned out by the roar of the enemy After reading this book you will understand the critical issues threatening the spread of the gospel in America and how you can play a part and no longer be a silent lamb drowned out by the voices of secularism liberalism and pagan thinking in America If you are a conservative living in America today there is a target on your back If you are a Christian conservative that target is even bigger If you are a Christian conservative who refuses to bow down to the spirit of the age the spirit of political correctness that target is so big that you are a marked man or woman A person like that like you must be silenced So says today's cultural elite who are making it increasingly difficult for Christians to stand up and live out their faith In *The Silencing of the Lambs* Dr Michael L Brown lays out what is happening in the world around us from the assault on children in schools and on college campuses to the unprecedented censorship of Christians and conservatives through Big Tech He then maps out strategies for how we can turn the pitfalls into platforms and find courage in the midst of opposition The Word of God cannot be bound The church cannot be cancelled This book sounds the alarm alerting Christians to the increasing censorship opposition and even persecution believers are facing today and calls them to remove the muzzle take their place as the church in this nation and turn the tide

Culture and Belief Les Crane, 2006-10 In presenting this overview of history it was found necessary to warn the reader of what is to come While researching background material for this work the author discovered facts of a disturbing nature that led him into the recognition that there is a hidden force at work directing current historical events For the past 600 years cultural progress has often been stifled by the international wars we have waged against each other Those conflicts have never been worth their cost in blood and treasure and usually they did not succeed in achieving their stated goals This Six Hundred Years long series of wars and disasters has left the nations on every side with hecatombs of dead along with dislocated economies and with burdens of debt they can never repay Reviewing this litany of human sufferings the author was suddenly struck by an appalling thought the thought that perhaps these wars have only been incidents in one single Six Hundred Year's War one war with the repeated outbreaks of violence and terror merely episodes The Question Is What is really going on The Answer Is The world is still involved in the war of the counter reformation It is a religious and political war that began in the year 1517 and is the war that continues to this present day It is the war for the world That is what is really going on
