Models Mentors And Messages Blueprints Of Urban Ministry:

Models, Mentors, and Messages René Rochester, 2009-07-13 For far too long we've neglected the urban mission field. Many churches have moved to the outskirts of the city for various reasons and the urban landscape appears to be forgotten. Dr. Ren Rochester presents a vision for how communities can change this pattern and plant redemptive and sustainable urban ministries. *Models Mentors and Messages* takes a close look at the developmental stages of Jesus' life, focusing on how family, his heavenly Father, the Jewish community, and neighboring nations were used to shape his holy destiny. Through the example of Jesus' life, you will learn how to draw on your own formative years to show urban teens how to live out God's call in their communities. The most authentic models are individuals who have wrestled through life's challenges and learned to trust God in difficult situations, and so by empowering urban students today and showing them how to nurture one another in faith, you can help create sustainable ministries in which each generation will model for the next how to follow Jesus. The first of its kind, this book doesn't try to force old models on the urban context but rather teaches new ways to draw on Jesus' teachings to help an urban hip-hop generation live for Jesus and for one another. *Urban Ministry* Manuel Ortiz, Harvie M. Conn, 2025-06-06 No. 3 in the Academy of Parish Clergy Top Ten Books of the Year. The city presents serious challenges that cry out for answers: poverty, racism, human exploitation, and government corruption. How can the church move ahead in the midst of these demands with the gospel of hope? Here, in one comprehensive volume, Harvie Conn and Manuel Ortiz, two noted scholars and proven practitioners of urban ministry, address the vital work of the church in the city. Their dual goal is to understand the city and God's work in it. Through four great waves of development, Conn and Ortiz trace the history of the city around the world. Then they tackle the critical issue of a biblical basis for urban mission: How does the Bible view the city? Are we closer to God in the country than the city? Does the Bible have an anti-urban bias? These questions are given a thorough analysis that unveils God's urban mandate as reflected in both Old and New Testaments. From this foundation, the authors unpack the multifaceted nature of the city as place, as process, as center, as power, and as a place of change and stability. They move us beyond fragmented stereotypes to a new way of seeing that is holistic enough for a fully biblical ministry to develop. In addition, Conn and Ortiz lay out what the social sciences have to offer urban mission, including ethnographic and demographic studies, and they focus on the particular issues and needs of urban leadership, including a plan for developing and mentoring leaders while equipping the laity for ministry in the city. This is the essential text for bringing God's kingdom to the city through the people of God. *A Heart for the Community* John Fuder, Noel Castellanos, 2013-08-28 Our nation used to look at violence, poverty, and gentrification and assign those problems to urban centers. Today, these issues concern the suburbs too. The Christian community is responding to this reality. Churches and parachurch ministries are actively working to transform lives and restore communities throughout the city and suburbs. In *A Heart for the Community: New Models for Urban and Suburban Ministry*, you will be challenged by a collection of voices seeking community renewal.

These individuals are involved in creative church planting initiatives and they are serving the growing Hispanic and Muslim populations. Additional endeavors include serving racially changing communities, economic development strategies, and more. As anyone who has been in ministry for any length of time can attest, tackling some of the most challenging issues of our times is no mere academic exercise. The voices within these pages write from experience and offer workable, vibrant models of ministry that make a difference.

Street Saints Barbara J. Elliott, 2004-09 Based on eight years of hands-on experience and more than 300 interviews, *Street Saints* is both a book of motivational stories about unsung heroes and a sociological study of the faith factor, documenting faith-based programs that are treating social maladies in America. This book takes readers on a tour of communities and institutions in America where faith-based initiatives are making a difference. It offers inspiration, role models, and guidelines for people who would like to give back to their own communities.

Spirit-Empowered Christianity in the 21st Century Vinson Synan, 2011-02-01 What does a revision of the Charismatic Pentecostal Spirit-empowered movement look like in the coming years of this millennium? The first century of this revival seems to attest that the Lord raised up the holiness and Pentecostal movements not only to be custodians of these distinctive truths but the perpetuators of them as well. If any generation ceases to accentuate this emphasis, the movement likely will forfeit the right to be recognized as such. When the Pentecostal message is preached, published, and proclaimed through triumphant song, an atmosphere is sustained for people to experience anew and again the reality of salvation, holiness, charismata, wholeness, and hope. Such a revival will be biblically based, rationally sound, traditionally accurate, and experientially real.

Spirit-Empowered Christianity in the 21st Century is an authoritative compilation of the presentations from thirty leaders in the Charismatic Pentecostal movement given at the Empowered 21 Conference in Tulsa, OK, in April 2010. These chapters share emerging insights on how the next generation will handle the profound issues facing Christians within the Charismatic Pentecostal movement in the 21st century. For example, one portion covers the topic of the 21st century renewal, while another discusses how we can protect our Charismatic distinctives. Another portion will highlight Charismatic adaptations for reaching this present age, discussing issues of social and economic justice, prosperity, and suffering challenges to urban ministry, the future of the next generation, Oneness Pentecostalism, and missiological aims in North America.

Kingdom Disciples Tony Evans, 2017-07-04 Where have all the disciples gone? There is a missing force in Christianity today. It's a critical one, and its absence has led to weak believers, disintegrating families, ineffective churches, and a decaying culture. Without it, we lack what we need to fully live as heaven's representatives on earth. That missing force is

discipleship In Kingdom Disciples Tony Evans outlines a simple actionable definition of discipleship to help the church fulfill its calling Readers will learn What a disciple is What a disciple cares about How to be a disciple and make disciples What discipleship looks like in community What the impact of discipleship on the world can be Kingdom disciples are in short supply and the result is a legion of powerless Christians attending powerless churches having a powerless presence in the world The power authority abundance victory and impact God has promised will only come about when we understand and align ourselves with His definition of discipleship Kingdom Disciples calls believers and churches back to our primary divinely ordained responsibility to be disciples and make disciples Only when we take seriously this assignment will the world see heaven at work on earth Will you accept the assignment Kingdom Disciples is useful as base material for a course on discipleship
