The Death of Grass John Christopher, 2009-04-02 A thought experiment in future shock survivalism Robert MacFarlane Gripping of all science fiction s apocalypses this is one of the most haunting Financial Times WITH AN INTRODUCTION BY ROBERT MACFARLANE A post apocalyptic vision of the world pushed to the brink by famine John Christopher s science fiction masterpiece The Death of Grass includes an introduction by Robert MacFarlane in Penguin Modern Classics At first the virus wiping out grass and crops is of little concern to John Custance It has decimated Asia causing mass starvation and riots but Europe is safe and a counter virus is expected any day Except it turns out the governments have been lying to their people When the deadly disease hits Britain society starts to descend into barbarism As John and his family try to make it across country to the safety of his brother s farm in a hidden valley their humanity is tested to its very limits A chilling psychological thriller and one of the greatest post apocalyptic novels ever written The Death of Grass shows people struggling to hold on to their identities as the familiar world disintegrates and the terrible price they must pay for surviving John Christopher 1922

2012 was the pen name of Samuel Youd a prolific writer of science fiction His novels were popular during the 1950s and 1960s most notably The Death Of Grass 1956 The World in Winter 1962 and Wrinkle in the Skin 1965 all works depicting ordinary people struggling in the midst of apocalyptic catastrophes In 1966 he started writing science fiction for adolescents The Tripods trilogy the Prince in Waiting trilogy also known as the Sword of the Spirits trilogy and The Lotus Caves are still widely read today If you enjoyed The Death of Grass you might like John Wyndham s The Day of the Triffids also available in Penguin Modern Classics

Flowers of Time Mark Payne, 2020-10-27 For all of its current popularity contemporary apocalyptic fiction novels set during or after events that devastate the world as we know it is part of a long tradition that

includes the Biblical story of Noah the epic of Gilgamesh and the Works and Days of the ancient Greek poet Hesiod as well as the vast array of modern examples In this short essayistic book the author focuses on twentieth and twenty first century fiction in which new forms of life emerge from catastrophe how the survivors adapt to the altered conditions of existence and the various ways in which the past asserts its claims on them both the immediate past of the world that was lost and the deep past of prehistory and imagination that returns with this loss In Payne s view post apocalyptic fiction is political theory in fictional form Instead of producing arguments in favor of a particular form of life it shows what it would be like to live that life In a world in which there is no more capitalism and no more nation state characters have to relearn basic survival skills and return to earlier forms of social life They acquire new capabilities which bring new satisfactions they could not have anticipated in the world that is gone In the post apocalyptic world they disentangle themselves from old ways of thinking and their misconceptions of human happiness In this way Payne argues post apocalyptic fiction is the pastoral of our time The individualism and small scale social relations of post apocalyptic fiction are not naive but instead the necessary ground for choosing the freedoms and capabilities readers would want to see preserved in any future collective that might emerge from them

Chocky John Wyndham,2010-03-25 Matthew s parents are worried At eleven he s much too old to have an imaginary friend yet they find him talking to and arguing with a presence that even he admits is not physically there This presence Chocky causes Matthew to ask difficult questions and say startling things he speaks of complex mathematics and mocks human progress Then when Matthew does something incredible it seems there is more than the imaginary about Chocky Which is when others become interested and ask questions of their own who is Chocky And what could it want with an eleven year old boy

The Closed Space Manuel Aguirre,1990

Challenging Anthropocentrism in Eco-Science Fiction Novels Fatma Gamze Erkan,2024-01-03 This book explores the relationship between humanity and nature while challenging the notion that anthropocentric behaviour causes the environmental catastrophes depicted in the four selected British eco science fiction novels These novels are John Christopher s The Death of Grass 1956 J G Ballard s The Drought 1965 Brian Aldiss s Earthworks 1965 and John Brunner s The Sheep Look Up 1972 all of which fictionalise the fact that the consequences of environmental problems can be diverse but equally serious This book examines how even the smallest damage caused by human beings to the environment negatively affects them other living beings and the ecosystem they need to live and flourish In conjunction with these the factors and conditions that push characters in the novels to ignore and harm the environment are also scrutinised While examining how and why the environmental problems in the novels have arisen it is evaluated whether the authors propose solutions to these problems and if so what they are

Cold War Stories Andrew Hammond,2017-08-28 This book is the first comprehensive study of mainstream British dystopian fiction and the Cold War Drawing on over 200 novels and collections of short stories the monograph explores the ways in which dystopian texts charted the lived experiences of the period offering an extended analysis of authors concerns about the geopolitical present

and anxieties about the national future Amongst the topics addressed are the processes of Cold War autocracy militarism propaganda intelligence nuclear technologies the decline of Britain's standing in global politics and the reduced status of intellectual culture in Cold War Britain Although the focus is on dystopianism in the work of mainstream authors including George Orwell Doris Lessing J G Ballard Angela Carter and Anthony Burgess a number of science fiction novels are also discussed making the book relevant to a wide range of researchers and students of twentieth century British literature

The Grass Arena John Healy, 2008-07-31 John Healy's *The Grass Arena* describes with unflinching honesty his experiences of addiction his escape through learning to play chess in prison and his ongoing search for peace of mind In his searing autobiography Healy describes his fifteen years living rough in London without state aid when begging carried an automatic three year prison sentence and vagrant alcoholics prowled the parks and streets in search of drink or prey When not united in their common aim of acquiring alcohol winos sometimes murdered one another over prostitutes or a bottle or the begging of money Few modern writers have managed to match Healy's power to refine from the brutal destructive condition of the chronic alcoholic a story so compelling it is beyond comparison Sober and precise grotesque violent sad charming and hilarious all at once Literary Review Beside it a book like Orwell's *Down and Out in Paris and London* seems a rather inaccurate tourist guide Colin MacCabe

Images of the Anthropocene in Speculative Fiction Tereza Dedinová, Weronika Laszkiewicz, Sylwia Borowska-Szerszun, 2021-03-01 In order to demonstrate that speculative fiction provides a valuable contribution to the discussion about the challenges of the Anthropocene *Images of the Anthropocene in Speculative Fiction* investigates a range of novels whose subject matter pertains to various aspects of the Anthropocene These include the destruction and protection of the natural environment the relationship between human and non human inhabitants of the planet the role of myth in the shaping of and combat against the Anthropocene the political dimensions of the Anthropocene the ensuing threat of the Apocalypse and the role of post apocalyptic narratives To explore these topics our authors examine the works of Patricia Briggs M R Carey Dmitry Glukhovsky Ursula K Le Guin N K Jemisin Stephenie Meyer China Mi ville James Patterson Maggie Stiefvater J R R Tolkien and Scott Westfield Their essays demonstrate that speculative fiction given its ability to pursue scenarios of alternative history and present familiar things in an unfamiliar way can alter the readers perception of their duties and responsibilities towards their communities and the world so that the threat of human wrought destruction might ultimately be averted
