Mixed Relations Asian Aboriginal Contact In North Australia:

Mixed Relations Regina Ganter, 2006 Explores the successive phases of Asian Aboriginal contact in Australian s north from the Macassan trepangers to the pearling industry and on to more recent times **Locating Asian Australian Cultures** Tseen Khoo, 2013-10-18 Locating Asian Australian Cultures is a timely and challenging interdisciplinary compilation that sets a contemporary benchmark for Asian Australian studies and its future directions In the dynamic field of diasporic Asian studies Asian Australian Studies is an emerging and contentious area While cognisant of issues and critical developments in North America Europe and Asia Asian Australian studies forges its own specific engagements with questions of identity racialization and nationalisms in a world of globalized cultures and movements This book deliberately engages with international perspectives on Asian Australian studies that offer contingent connections and address crucial questions for fields that are rapidly de nationalizing The volume focuses on Asian Australian cultural production and identity presenting work that interrogates notions of belonging and citizenship representational politics and disciplinarity in the academy The broad ranging essays examine the politics of Asian Australian art and literature as well as the area s significant interventions in disciplinary formations nationally and internationally Other essays discuss the Vietnamese War memorial in Cabramatta notions of the sacrificial Asian in contemporary films and Chinatown sites in Australia This book will be essential reading not only for researchers in Asian Australian studies but also for those with an interest in Asian diaspora and Australian studies

Indigenous Australia and the Unfinished Business of Theology J. Havea, 2014-06-05 This book engages a complex subject that mainline theologies avoid Indigenous Australia The heritages wisdoms and dreams of Indigenous Australians are tormented by the discriminating mindsets and colonialist practices of non Indigenous peoples This book gives special attention to the torments due to the arrival and development of the church **Indigenous Crime and Settler Law** H. Douglas, M. Finnane, 2012-08-21 In a break from the contemporary focus on the law s response to inter racial crime the authors examine the law s approach to the victimization of one Indigenous person by another Drawing on a wealth of archival material relating to homicides in Australia they conclude that settlers and Indigenous peoples still live in the shadow of empire *Connecting Continents* Krish Seetah, 2018-06-07 In recent decades the vast and culturally diverse Indian Ocean region has increasingly attracted the attention of anthropologists historians political scientists sociologists and other researchers Largely missing from this growing body of scholarship however are significant contributions by archaeologists and consciously interdisciplinary approaches to studying the region s past and present Connecting Continents addresses two important issues how best to promote collaborative research on the Indian Ocean world and how to shape the research agenda for a region that has only recently begun to attract serious interest from historical archaeologists The archaeologists historians and other scholars who have contributed to this volume tackle important topics such as the nature and dynamics of migration colonization and cultural syncretism that are central to understanding the human experience in the Indian Ocean

basin This groundbreaking work also deepens our understanding of topics of increasing scholarly and popular interest such as the ways in which people construct and understand their heritage and can make use of exciting new technologies like DNA and environmental analysis Because it adopts such an explicitly comparative approach to the Indian Ocean Connecting Continents provides a compelling model for multidisciplinary approaches to studying other parts of the globe Contributors Richard B Allen Edward A Alpers Atholl Anderson Nicole Boivin Diego Calaon Aaron Camens Sa a aval Geoffrey Clark Alison Crowther Corinne Forest Simon Haberle Diana Heise Mark Horton Paul Lane Martin Mhando and Alistair Patterson *The Pearl Frontier* Julia T. Martínez, Adrian Vickers, Clem Guthro, 2015-05-31 Remarkable for its meticulous archival research and moving life stories The Pearl Frontier offers a new way of imagining Australian historical connections with Indonesia This compelling view from below of maritime mobility demonstrates how in the colonial quest for the valuable pearl shell Australians came to rely on the skill and labor of Indonesian islanders drawing them into their northern pearling trade empire From the 1860s onward the pearl shell industry developed alongside British colonial conquests across Australia's northern coast and prompted the Dutch to consolidate their hold over the Netherlands East Indies Inspired by tales of pirates and priceless pearls the pearl frontier witnessed the maritime equivalent of a gold rush with traders entrepreneurs and willing workers coming from across the globe But like so many other frontier zones it soon became notorious for its reliance on slave like conditions for Indigenous and Indonesian workers These allegations prompted the imposition of a strict regime of indentured labor migration that was to last for almost a century before giving way to international criticism in the era of decolonization The Pearl Frontier invites the reader to step outside the narrow confines of national boundaries to see seafaring peoples as a continuous population moving and in communication in spite of the obstacles of politics warfare and language Instead of the mythologies of racial purity propagated by settler colonies and European empires this book dissects the social and economic life of the port cities around the Australian Indonesian maritime zone and lays open the complex cosmopolitan relationships which shaped their histories and their present situations Julia Mart nez and Adrian Vickers bring together their expertise on Australian and Indonesian history to challenge the isolationist view of Australia's past This book explores how Asian migration and the struggle against the restrictive White Australia policy left a rich legacy of mixed Asian Indigenous heritage that lives on along Australia's northern coastline This book is an important contribution to studies of the coastal or Pasisir culture of Southeast Asia that situates the local cultures in a regional context and demonstrates how Indonesian maritime peoples became part of global migration flows as indentured laborers It offers a hitherto untold story of Indonesian diaspora in Australia and reveals a degree of Indian Pacific interconnectedness that forces us to rethink the construction of regional boundaries and national borders **Visiting the Neighbours** Agnieszka Sobocinska, 2014-09-01 A million Australians went to Bali last year following the millions of others who have made their way across Asia over the past century Many travellers returned thinking they knew Asia and their personal experiences helped shape popular attitudes

This absorbing book unpacks their experiences showing how their encounters changed the way Australians thought about themselves in the world. Visiting the Neighbours tells the story of Australian relations with Asia from the bottom up examining the experiences of some of the millions of travellers and tourists who headed to the region over more than a hundred years. Merchants, missionaries, pilgrims, soldiers, hippies, diplomats, backpackers all had an impact on diplomacy and international relations. Agnieszka Sobocinska's book is a bold and important step in understanding the intersection between popular opinion, prejudice and international relations as Australia stands at the precipice of the Asian Century. Sets out a range of fascinating and different roles played by Australians in Asia. Michael Wesley, author of *There Goes the Neighbourhood: Australia and the rise of Asia*. Puts travel to Asia firmly on the Asia literacy map. This is not only a richly detailed, subtly argued and historically informed study of the Australian traveller in Asia. It is also smart, sharp and a very good read. David Walker, BHP Billiton Chair of Australian Studies, Peking University. Governing natives Ben Silverstein, 2018-10-16. In the 1930s a series of crises transformed relationships between settlers and Aboriginal people in Australia's Northern Territory. By the late 1930s Australian settlers were coming to understand the Northern Territory as a colonial formation requiring a new form of government. Responding to crises of social reproduction, public power and legitimacy they rethought the scope of settler colonial government by drawing on both the art of indirect rule and on a representational economy of Indigenous elimination to develop a new political dispensation that sought to incorporate and consume Indigenous production and sovereignties. This book locates Aboriginal history within imperial history, situating the settler colonial politics of Indigeneity in a broader governmental context. *Rencontres australiennes* Pierre Lagayette, 2008. Depuis les temps de la découverte l'Australie a alimenté curiosité et fantasmes chez les Européens puis une convoitise liée à son extraordinaire immensité, ses richesses minérales et sa diversité naturelle. Aujourd'hui la plupart de ses mystères ont été dissipés mais l'Australie fascine pourtant les Européens comme si elle n'avait pas livré encore tous ses secrets. Peu de Français connaissent l'histoire de ce continent d'en bas qui de l'autre côté de la terre a dû conjuguer les traditions millénaires des peuples autochtones, la présence de bagnards et les exigences impériales de l'Angleterre. Devenue libre et moderne l'Australie n'en demeure pas moins une nation hantée par un passé qu'obscurcit la non reconnaissance de l'autre aborigène. Hantée par l'illusion de la Terra nullius cet espace vierge originel doit nécessairement s'exercer les prérogatives de l'envahisseur. L'Europe en l'Australie cherche des moyens locaux, sociaux, culturels d'accomplir une réconciliation dont dépend en grande partie le sentiment d'une appartenance et d'une identité nationales. Depuis que les Jeux olympiques de Sydney ont soudain braqué l'attention sur elle l'Australie cherche à offrir son propre peuple et au reste du monde un visage apaisé, démythifié, débarrassé des fantasmes qu'avait projetés sur elle l'Europe depuis la découverte. À cet égard ce volume propose des regards avisés et originaux sur l'Australie contemporaine rassemblés autour d'un thème qui explore la conscience de soi des Australiens confrontés à la nécessité de rompre l'isolement, les contraintes, la géographie et les aspects de l'histoire du peuplement.

continental Des signes d'espoir sont néanmoins visibles l'Australie en devenir est une terre vouée à unifier plutôt qu'à exclure
accueillir plutôt qu'à rejeter tout en préservant ses chances de construire une identité sociale et culturelle durable

Macassan History and Heritage Marshall Clark, Sally May, 2013-06-01 This book presents interdisciplinary perspectives on the maritime journeys of the Macassan trepangers who sailed in fleets of wooden sailing vessels known as praus from the port city of Makassar in southern Sulawesi to the northern Australian coastline These voyages date back to at least the 1700s and there is new evidence to suggest that the Macassan praus were visiting northern Australia even earlier This book examines the Macassan journeys to and from Australia their encounters with Indigenous communities in the north as well as the ongoing social and cultural impact of these connections both in Indonesia and Australia
