Mobilising Capital For Emerging Markets What Can Structured Finance Contribute:

Mobilising Capital for Emerging Markets Doris Köhn, 2011-06-28 Is structured finance dead Many have asked this question after the financial crisis Or is structured finance evil and therefore should it be dead This book suggests neither nor Even if structured finance can be misused or applied under inappropriate conditions it can also be an effective tool for reaching development objectives The authors in this volume focus on the potential of structured finance in the aftermath of the financial crisis They explore the conditions under which structured finance is suitable for emerging markets highlighting both its benefits and risks The book combines professional and scientific perspectives and points towards various useful applications of structured finance in support of small and medium sized enterprises and microfinance This also includes activities as diverse as infrastructure development remittances rural livelihood and Shari ah compliant Islamic finance

Remittances and Financial Inclusion Vincent Guermond, 2023-10-11 This book comprehensively explores the messy and contested relationship between everyday practices of remittance sending and receiving processes of market making and operations of micro and global finance Remittances and Financial Inclusion critically investigates a global migration development agenda that aims to harness remittances for development by incorporating remittance flows and households into global financial circuits The book develops a multidisciplinary perspective and combines insights from economic development and financial geography as well as international political economy and economic anthropology It sets out a geographies of remittance marketisation approach to investigate the intricate and grounded ways in which remittance markets are constructed the extent to which remittance flows and households can be re configured and incorporated into global finance and why such processes are always fragile contested and in need of constant renegotiation Drawing on extensive fieldwork research the book provides an in depth critical interrogation of the policies and initiatives that underpin remittance marketisation in Senegal Ghana and beyond This volume will be especially useful to those researching and working in the areas of international development contemporary geographies of finance and market making and migration and remittances It should also prove of interest to policymakers practitioners and activists concerned with the relation between migration remittances and finance in the Global South

Mobilizing Private Climate Financing in Emerging Market and Developing Economies Mr. Ananthakrishnan Prasad, Ms. Elena Loukoianova, Alan Xiaochen Feng, William Oman, 2022-07-27 Global investment to achieve the Paris Agreement s temperature and adaptation goals requires immediate actions first and foremost on climate policies Policies should be accompanied by commensurate financing flows to close the large financing gap globally and in emerging market and developing economies EMDEs in particular This note discusses potential ways to mobilize domestic and foreign private sector capital in climate finance as a complement to climate related policies by mitigating relevant risks and constraints through public private partnerships involving multilateral regional and national development banks It also overviews the role the IMF can play in the process

Leveraging Financial Markets for

Development Peter Volberding, 2020-09-28 This book investigates how development institutions created and promoted marketized development financial instruments to increase the speed and scope of assistance by leveraging private financial markets for development objectives To attract private investors donor governments agreed to bear the risk in these new instruments in order to mobilize investment during times of political crisis In particular this book contends that Germany's KfW played an outsized role in the development of these new financial instruments particularly in microfinance banks and structured funds as KfW's unique institutional attributes and strong political support from the German government at critical junctures fostered financial innovation Using over 70 interviews and a cache of newly released archival materials this book documents how KfW and other development institutions created and promoted these marketized development financial instruments and how they have become a pillar of modern development policy **FINANCIAL POLICY AND**
