My First Presidential A Scrapbook By George W Bush:

Created in Darkness by Troubled Americans Dave Eggers, Kevin Shay, Lee Epstein, John Warner, Suzanne Kleid, 2004-08-10 A hilarious collection from McSweeney's that achieves the sensation of being hit by a hip humorous train. Breaks mold after mold in hilarious fashion. The New York Times. Now more than ever Americans are troubled by questions. As sweaty modernity thrusts itself upon us the veil of ignorance that cloaked our nation hangs in tatters. Our funny bones are neither fun nor bony. Glum is the new giddy and the old giddy wasn't too giddy to begin with. What can be done to stop this relentless march of drabbery? Nothing. But perhaps this book can be used to dull the pain. Included herein: The Ten Worst Films of All Time as Reviewed by Ezra Pound over Italian Radio; Unused Audio Commentary by Howard Zinn and Noam Chomsky; Recorded Summer 2002 for The Lord of the Rings Fellowship of the Ring DVD Platinum Series Extended Edition Part One: How Important Moments in My Life Would Have Been Different If I Was Shot in the Stomach; My Beard Reviewed; Circumstances under Which I Would Have Sex with Some of My Fellow Jurors. **Why They Can't Write** John Warner, 2020-03-17 An important challenge to what currently masquerades as conventional wisdom regarding the teaching of writing. There seems to be widespread agreement that when it comes to the writing skills of college students we are in the midst of a crisis. In *Why They Can't Write* John Warner who taught writing at the college level for two decades argues that the problem isn't caused by a lack of rigor or smartphones or some generational character defect. Instead he asserts we're teaching writing wrong. Warner blames this on decades of educational reform rooted in standardization, assessments, and accountability. We have done no more. Warner argues than conditioned students to perform writing-related simulations which pass temporary muster but do little to help students develop their writing abilities. This style of teaching has made students passive and disengaged. Worse yet it hasn't prepared them for writing in the college classroom. Rather than making choices and thinking critically as writers must, undergraduates simply follow the rules such as the five paragraph essay designed to help them pass these high stakes assessments. In *Why They Can't Write* Warner has crafted both a diagnosis for what ails us and a blueprint for fixing a broken system. Combining current knowledge of what works in teaching and learning with the most enduring philosophies of classical education this book challenges readers to develop the skills, attitudes, knowledge, and habits of mind of strong writers. [In His Father's Shadow](#) Stanley A. Renshon, 2015-03-10 From a pampered son who showed little promise to his rise to the presidency George W Bush has transformed himself through acts of will and faith. Stanley Renshon examines the psychological transformation of Bush and identifies those pivotal changes that allowed him to achieve success in his personal life and in the political arena and shows how Bush's personal transformation has come to shape his political policies. The man who battled and defeated his own inner demons has become a president determined to battle the demons of terrorism and extremism that prevent democracy from flourishing around the world. This psychological portrait provides a much needed antidote to prevailing critiques that ridicule Bush's values and policies as it celebrates his
