My Paranormal Journal Volume One:

The Journals Volume 1 John Fowles, 2010-12-15 In 1963 John Fowles won international recognition with his first published novel *The Collector* But his roots as a serious writer can be traced back long before to the journal he began as a student at Oxford in the late 1940s and continued to keep faithfully over the next half century Written with an unsparing honesty and forthrightness it reveals the inner thoughts and creative development of one of the twentieth century's most innovative and important novelists This first hand account of the road to fame and fortune holds the reader's attention with all the narrative power of the novels but also offers an invaluable insight into the intimate relationship between Fowles's own life and his fiction

A Study in Terror: Volume 1 Derrick Belanger, Sir Arthur Conan Doyle, 2014-09-24 Sir Arthur Conan Doyle is one of those authors whose literary creation is much more famous than the man himself Those who do know the name Arthur Conan Doyle tend to know him only as the inventor of the world's greatest detective Sherlock Holmes A smaller segment of this group goes further and remembers Doyle as the inventor of the great detective who squandered his fame with crackpot beliefs in faeries and the supernatural Sadly there is so much more to the man who revolutionized the writing not just of detective fiction but also of the genre of horror the supernatural and even influenced history itself This two volume anthology's point is to put Doyle back on the pedestal he so rightly deserves Its aim is twofold First to introduce readers to Doyle's lesser known yet no less important works These works speak for themselves in showing a master writer at his craft The stories are timeless enjoyable and hopefully will lead to new fans embracing a great author's somewhat forgotten tales The second aim is to show the relevance of Doyle's works Through a collection of articles written by current scholars and experts readers can see just how revolutionary Doyle's writings remain even today

In Search of the Spirit: Selected Works, Volume One John R. Levison, 2023-11-13 In his trailblazing studies of the spirit in Jewish and Christian Antiquity John R Jack Levison shatters theological and exegetical taxonomies Should the spirit be understood as breath or Spirit or both Is the spirit directed to creation or salvation or both Is the spirit a force or an angel or both Does the spirit inspire ecstasy or wisdom or both When Levison transfers the starting point of pneumatology from the New Testament to the Hebrew Bible from Christianity to Judaism questions swell assumptions detonate and expectations flourish Consequently Levison's studies are considered impressive and provocative Review of Biblical Literature delightful engaging Catholic Biblical Quarterly

compelling eloquent sensitive Word and World and a remarkable read Themelios with profound ramifications for both Jewish and New Testament Studies Journal of Jewish Studies Now for the first time selections of his breathtaking array of studies are available in three accessible volumes This volume in which you will discover some of the programmatic studies Levison published on the biblical literature of both testaments reveals why Reading Religion A Publication of the American Academy of Religion forecasts that Levison will continue to be at the center of our most fruitful discussions of pneumatology

Kierkegaard's Journals and Notebooks, Volume 1 Søren Kierkegaard, 2015-06-22 I would like to write a novel in which the main character would be a man who got a pair of glasses one lens of which reduced images as powerfully as an oxyhydrogen microscope and the other of which magnified on the same scale so that he perceived everything relatively A flight of fancy by an aspiring science fiction writer While it may sound as such this wistful musing is one of the little discussed personal reflections of nineteenth century philosopher Søren Kierkegaard whose remarkable journals and notebooks unpublished during his lifetime are presented here The first of an eleven volume series produced by Copenhagen's Søren Kierkegaard Research Centre this volume is the first English translation and commentary of Kierkegaard's journals based on up to date scholarship It offers new insight into Kierkegaard's inner life In addition to early drafts of his published works the journals contain his thoughts on current events and philosophical and theological matters notes on books he was reading miscellaneous jottings and ideas for future literary projects Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the marginal comments he added later The new edition of the journals reproduces this format and contains photographs of original manuscript pages as well as extensive scholarly commentary Translated by leading experts on Kierkegaard Journals and Notebooks will become the benchmark for all future Kierkegaard scholarship

Journal of Astronist Studies Volume 1 Issue 1 Cometan, Juan Vivanco, Michael York, Monica Gyimah, 2024-08-15 This marks the first issue of the Journal of Astronist Studies and begins what is hoped to be a long tradition of scholarly discourse on space religions and the broader intersection between astronomy religion and spirituality This issue begins with a peer reviewed article by myself that gives a short history and comparison between Astronism Cosmism and Cosmodeism This first article of the first issue sets the scene for a scholarly discourse of Astronist studies by providing some insight into the legacy of Astronism's predecessors in Cosmism and Cosmodeism This issue continues with an article by Juan Vivanco who is new to the field of scholarly writing but who boasts a long history of entrepreneurship in eco friendly construction and is based in Dubai In his piece Vivanco introduces readers to quantum cosmic theology and reflects on his experiences of cosmic meditation which has close links with the Astronist practice of night sky exposition and meditation The third article in this issue is another peer reviewed piece from myself this time focusing on the concept of astromorphism This piece draws much inspiration from my master's dissertation but uniquely focuses on how the theory of an Astronic religious tradition contributes to the debate on the origins of religion The origins of religion emerged as an academic pursuit in the early

nineteenth century but the role of prehistoric astrolatry was never given any prominence in the debate The second half of the issue begins with a piece by Professor Emeritus of cultural astronomy and astrology Michael York York gives his perspective on how geocentrism represented by modern paganism and cosmocentrism represented by Astronism compare and contrast York uses the sociological measuring tool of the ideal type to discuss the worldviews of geocentrism and cosmocentrism by analysing the aims of modern paganism and Astronism on whether humanity ought to escape Earth or attempt instead to restore our terrestrial conditions The final full length article in this issue comes from Dr Monica Gyimah who discusses issues involving a lack of state recognition and legal personality specifically impacting people who profess indigenous beliefs Gyimah provides an extensive analysis of the international legal framework geared towards protecting indigenous communities and gives several examples of how indigenous groups professing various forms of nature religion and polytheism remain unrecognised and their access denied to several fundamental rights protected under freedom of religion or belief This issue ends with my review of Tsvi Bisk s latest work Cosmodeism A Worldview for the Space Age It was a pleasure to read and review Bisk s work as many of the topics Bisk discusses in his work are prominent in Astronist philosophy I reviewed Bisk s work from my perspective both as an Astronist but also as the founder of Astronism in particular to emphasise my belief in the need for the greater practical organisation of those movements that affirm the doctrine of transcension in some form
