Detective Carlos Aguilar must apprehend a serial killer who's terrorizing employees and tenants of a housing project that occupies valuable land wanted for a huge development purpose. The problem facing future real estate developers in contemporary Los Angeles is that available land large enough for a major development is rare, expensive and difficult to find. Driven by greed, a ruthless real estate developer who wants the land along Sultan Road pushes homeowners out of their homes and kills anyone who stands in his way. Detective Aguilar is sent to investigate a body found in the bushes near an office building north of Harbor City, California. Aguilar is a tough-minded former Middleweight boxer who is soft-spoken and speaks in a low monotone. He's a well-seasoned homicide detective who has worked many cases involving gruesome killings. Early on, he determines that the single murder he is investigating has a much wider plot behind it and a cover-up that may be directed from somebody in high office is in play. Although hampered by his supervisor, he won't give up on the prospect that the serial killer he's after was hired to cause the terror needed to shake the trees and provide the benefactor with his prize. Aguilar has a good working relationship with a millennial reporter from the main Los Angeles newspaper working on his first crime story. The reporter digs up and shares enough information to put Aguilar on the path to unraveling the cover-up. Known only as El Puma, the serial killer in the story is a cunning hit man from deep south Mexico where he worked for one of the drug cartels in the area. He uses the cover of a political refugee and is handled by a disgraced former police officer on the payroll of an organized crime outfit disguised as a community security service. Each killing he performs is managed differently and masked to look like a random act. He usually strikes like his namesake, the puma, that leaps on his prey from an ambush. Aguilar is alerted to the presence in the area of a hired killer by one of his gang contacts. El Puma is elusive and gives Aguilar and his partner a very difficult time in identifying and locating him. During one encounter, the crafty killer and his handler create a diversion which leads to a gunfight enabling them to evade arrest. When the handler is apprehended separately, he finally decides to help Aguilar find El Puma.

Keeping Their Place Pamela A. Sambrook, 2005-07-21. In 1851 there were over a million servants in Britain. This book reveals first-hand tales of put-upon servants who often had to rise hours before dawn to lay fires, heat water and prepare meals for their employers and then work into the small hours. Yet there are also heart-warming stories of personal devotion and reward and of how the servants enjoyed themselves in their time off. There are moments of great poignancy as well as hilarity: a steward's dawning realisation that the housekeeper he befriended is a thief; a young footman chasing a melon as it rolls through a castle's corridors into the moat; the smart manservant weeping at the station as he bids farewell to his mother. This was an era when footmen were paid extra for being six foot or over and female servants had to wear black bonnets to church. Drawing on letters, diaries and autobiographies, *Keeping Their Place* provides a vivid insight into the day-by-day lives of country house servants between the eighteenth and twentieth centuries. *Harper's Magazine*, 1857. Important American periodical dating back to 1850. *Harper's New Monthly Magazine*, 1856. *Harper's New Monthly Magazine*. Henry Mills Alden, Frederick Lewis Allen, Lee Foster Hartman, Thomas
