Committee on Interstate and Foreign Commerce, 1949 , **Handbook of the Politics of the Arctic** Leif Christian Jensen, Geir Hønneland, 2015-09-25 The Arctic has again become one of the leading issues on the international foreign policy agenda in a manner unseen since the Cold War Drawing on the perspectives of geo politics and international law this Handbook offers fresh insights and perspectives on the most pressing issues grouped under the headings of political ascendancy climate and environmental issues resources and energy and the response and policies of affected countries **Problem-Solving Courts, Criminal Justice, and the International Gold Standard** Anna Kawałek, 2021-01-03 This book presents findings from a process evaluation carried out at a problem solving court located in England Manchester Review Court Unlike the widely documented successes of similar international models there is no detail of Manchester Review Court in the accessible literature not in any policy document nor is there a court handbook or website outlining objectives and expected practice In adopting the seminal wine and bottle analytical framework propounded by therapeutic jurisprudence scholars and by carrying out a detailed comparative analysis comparing the court to successful international problem solving courts the original empirical data brings clarity to an overlooked area A fidelity analysis is also offered for the forerunning English and Welsh drug courts which were established during the early 2000s but then shortly fell by the wayside without satisfactory explanation for why Findings from the book shed new light on the causes of the English and Welsh drug court downfalls pending recent calls to roll out a fresh suite of problem solving courts In light of the international evidence base and national struggles in the field the book proposes a renewed UK specific fidelity matrix to forge the impetus for new practice in this area whilst accounting for past failures and acknowledging current issues Therefore this book not only breaks new ground by advancing knowledge of a significantly uncharted area but provides important inroads for helping policymakers with their strategies in tackling recidivism addiction victimisation and austerity as widespread social and human issues currently facing both Manchester and the UK more broadly Presenting significant advancements in theory policy and practice at both national and international scale the book will be a valuable resource for academics and practitioners working in the fields of Therapeutic Justice Criminal Law Criminology Criminal Justice and Socio Legal Studies **Routledge's Almanack for 1888** , 1888 Language, Cognition and Gender Alan Garnham, Jane Oakhill, Lisa von Stockhausen, Sabine Sczesny, 2016-08-08 Gender inequality remains an issue of high relevance and controversy in society Previous research shows that language contributes to gender inequality in various ways Gender related information is transmitted through formal and semantic features of language such as the grammatical category of gender through gender related connotations of role names e g manager secretary and through customs of denoting social groups with derogatory vs neutral names Both as a formal system and as a means of communication language passively

reflects culture specific social conditions In active use it can also be used to express and potentially perpetuate those conditions The questions addressed in the contributions to this Frontiers Special Topic include how languages shape the cognitive representations of gender how features of languages correspond with gender equality in different societies how language contributes to social behaviour towards the sexes how gender equality can be promoted through strategies for gender fair language use These questions are explored both developmentally across the life span from childhood to old age and in adults The contributions present work conducted across a wide range of languages including some studies that make cross linguistic comparisons Among the contributors are both cognitive and social psychologists and linguists all with an excellent research standing The studies employ a wide range of empirical methods from surveys to electro physiology The papers in the Special Topic present a wide range of complimentary studies which will make a substantial contribution to understanding in this important area

The Pulse of a Nation Is the American Church in trouble Many Christian leaders in other countries are deeply concerned for the American Church They cannot understand why we do not see what is happening in our church culture more clearly and do something about it Has the American Church abandoned many of the fundamental principles that were imparted to them This growing global concern for the American Church did not start recently Over three decades ago the late David Watson a Christian leader from Great Britain predicted that by the close of the twentieth century Christianity in the West would probably be too self indulgent to be a global factor Sound the Alarm Is cultural relativity really our problem It is time for the true body of Christ to rise up and no longer give in to being a product or participant of our current moral declining society It is time for a CULTURAL WAR It is time for the Church to be unwavering in its commitment to the true faith Anything less will leave the American Church in a state of dying a slow costly death Confronting a Post Christian Culture What will it take Dr Jerry Williamson has put his finger on the pulse of the Western Church His diagnosis is accurate well articulated and documented The cure is equally clear and achievable if the Church has the discipline and will to apply his prescription DON T READ THIS BOOK unless you want to be convicted challenged and changed Dr Williamson is a modern day prophet crying in a secular and religious wilderness Our response to his message will determine the future of our nation Dr Charles Travis general secretary Communion of Evangelical Episcopal Churches and president Aidan University DR JERRY WILLIAMSON is president of GO TO NATIONS a worldwide missions sending agency and is well known for his passionate love for God s Church and for the global harvest He ministers to pastors and church leaders around the world adding value and effectiveness to their ministries DR WILLIAMSON is greatly appreciated for his down to earth teaching style and his ability to articulate truth in a clear and concise way
