The Story Cure Ella Berthoud,Susan Elderkin,2016-10-27 The stories that shape our children's lives are too important to be left to chance With The Story Cure bibliotherapists Ella Berthoud and Susan Elderkin have put together the perfect manual for grown ups who want to initiate young readers into one of life's greatest pleasures There's a remedy for every hiccup and heartache whether it's between the covers of a picture book a pop up book

or a YA novel You ll find old favourites like The Borrowers and The Secret Garden alongside modern soon to be classics by Michael Morpurgo Malorie Blackman and Frank Cottrell Boyce as well as helpful lists of the right reads to fuel any obsession from dogs or dinosaurs space or spies Wise and witty The Story Cure will help any small person you know through the trials and tribulations of growing up and help you fill their bookshelves with adventure insight and a lifetime of fun *Identity, Social Class and Learning in the 'Bottom' Reading Group* Jess Anderson, 2025-02-28 The common practice of ability grouped reading in UK schools often termed guided reading influences children s sense of identity feelings and progress as readers Drawing on a rich ethnographic study of three primary classrooms this book reopens a critical inquiry into ability grouped reading that has been quiet since the 1990s when guided reading in literacy education became established practice in the UK and the US Through the lens of children s agency in accommodating resisting and at times transforming such reading pedagogy the book shows how readers are shaped by ability grouped reading and by the more egalitarian reading pedagogies introduced in the study Children s individual and collective experiences are brought to life through extended narratives that attend as closely to gesture posture visage silences and prosody of speech as to spoken words The book ends with a provocation how literacy pedagogy might change if reflexive noticing and dismantling of hierarchies become the compass of pedagogical change This demands attention to structural inequalities around race gender and class and a turn towards deep listening to children As well as being a valuable read for scholars of the sociology of childhood and education it should appeal to anyone concerned with making education more equitable including teachers school leaders parents carers and policymakers
