Every Last Tie David Kaczynski, 2015-12-30 In August 1995 David Kaczynski's wife Linda asked him a difficult question Do you think your brother Ted is the Unabomber He couldn't be David thought But as the couple pored over the Unabomber's seventy eight page manifesto David couldn't rule out the possibility It slowly became clear to them that Ted was likely responsible for mailing the seventeen bombs that killed three people and injured many more Wanting to prevent further violence David made the agonizing decision to turn his brother in to the FBI Every Last Tie is David's highly personal and powerful memoir of his family as well as a meditation on the possibilities for reconciliation and maintaining family bonds Seen through David's eyes Ted was a brilliant yet troubled young mathematician and a loving older brother Their parents were supportive and emphasized to their sons the importance of education and empathy But as Ted grew older he became more and more withdrawn his behavior became increasingly erratic and he often sent angry letters to his family from his isolated cabin in rural Montana During Ted's trial David worked hard to save Ted from the death penalty and since then he has been a leading activist in the anti death penalty movement The book concludes with an afterword by psychiatry professor

and forensic psychiatrist James L Knoll IV who discusses the current challenges facing the mental health system in the United States as well as the link between mental illness and violence **Wayfaring** Warren Kinghorn, 2024-07-11 A theologically and scientifically engaged exploration of modern mental health care The current model of mental health care doesn't see people it sees sets of symptoms that need fixing While modern psychiatry has improved many patients quality of life it falls short in addressing their relational and spiritual needs As a theologian and practicing psychiatrist Warren Kinghorn shares a Christian vision of accompanying those facing mental health challenges Kinghorn reviews the successes and limitations of modern mental health care before offering an alternative paradigm of healing Based in the theology of Thomas Aquinas this model of personhood affirms four truths We are known and loved by God We are creatures made of earth who are formed in community We are wayfarers on a journey We are called not to control but to wonder love praise and rest Drawing on theological wisdom and scientific evidence Kinghorn reframes our understanding of mental health care from fixing machines to attending fellow wayfarers on the way to the Lord's feast With gentle guidance and practical suggestions Wayfaring is an essential resource for pastors and practitioners as well as for Christians who seek mental health care **Decarcerating Disability** Liat Ben-Moshe, 2020-05-19 This vital addition to carceral prison and disability studies draws important new links between deinstitutionalization and decarceration Prison abolition and decarceration are increasingly debated but it is often without taking into account the largest exodus of people from carceral facilities in the twentieth century the closure of disability institutions and psychiatric hospitals Decarcerating Disability provides a much needed corrective combining a genealogy of deinstitutionalization with critiques of the current prison system Liat Ben Moshe provides groundbreaking case studies that show how abolition is not an unattainable goal but rather a reality and how it plays out in different arenas of incarceration antipsychiatry the field of intellectual disabilities and the fight against the prison industrial complex Ben Moshe discusses a range of topics including why deinstitutionalization is often wrongly blamed for the rise in incarceration who resists decarceration and deinstitutionalization and the coalitions opposing such resistance and how understanding deinstitutionalization as a form of residential integration makes visible intersections with racial desegregation By connecting deinstitutionalization with prison abolition Decarcerating Disability also illuminates some of the limitations of disability rights and inclusion discourses as well as tactics such as litigation in securing freedom Decarcerating Disability's rich analysis of lived experience history and culture helps to chart a way out of a failing system of incarceration
