Property Tax Exemption For Charities Mapping The Battlefield:

Property-tax Exemption for Charities Evelyn Brody, 2002 Contributors in municipal studies law and philanthropic studies discuss property tax exemption for charities and how public perception on property owning charities differs from reality They survey the legal and political landscape of property tax exemption for nonprofit organizations examine the development of the current structure of nonprofit property tax exemption and its legal rationales and assess mechanisms adopted by local municipalities to offset some of the revenue lost because of exempt properties Material originated at the December 1997 26th Annual Conference of the Association for Research on Nonprofit Organizations and Voluntary Action Annotation copyrighted by Book News Inc Portland OR

International Encyclopedia of Civil Society Helmut K. Anheier, Stefan Toepler, 2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field

Nonprofits & Government Elizabeth T. Boris, C. Eugene Steuerle, 2006 The past several decades have seen unprecedented growth in the scope and complexity of relationships between government and nonprofit organizations These relationships have been more fruitful than many critics had feared and more problematic than many advocates had hoped Nonprofits and Government is the first comprehensive multidisciplinary exploration of nonprofit government relations The second edition of this important book is fully updated and includes two new chapters The authors address a host of important issues including nonprofit advocacy direct regulatory and tax policy the conversion of nonprofits to for profits clashes in government interaction with religion and the arts and international nonprofit government relationships Practitioners researchers and policymakers alike will benefit from the authors wide ranging discussion

The Cambridge Handbook of Social Enterprise Law Benjamin Means, Joseph W. Yockey, 2019-01-03 Growing numbers of employees consumers and investors want companies to be truly good these stakeholders will accept lower economic returns in order to support companies that prioritize sustainability fair wages and fair trade Unlike charities or non profit organizations such companies or social enterprises are not only permitted but also expected to produce an economic return for investors Yet unlike traditional business ventures social enterprises have no obligation to maximize profits even on a long term basis In this comprehensive volume Benjamin Means and Joseph W Yockey

bring together leading legal scholars and practitioners to offer an authoritative guide to social enterprise law and policy The Cambridge Handbook of Social Enterprise Law takes stock of the field and charts a course for its future development It should be read by entrepreneurs investors practitioners academics students and anyone else interested in how companies are evolving to address new demands for capitalism with a conscience

Comparative Corporate Governance of Non-Profit Organizations Klaus J. Hopt, Thomas Von Hippel, 2010-04-22 The economic importance of the non profit sector is growing rapidly in the USA and Europe However the law has not kept abreast with its development The European Court of Justice has extended certain freedoms of the EC Treaty to non profit organisations and more case law is expected to follow in the near future but the observations theories solutions and legal and non legal rules in this field are manifold The chances of harmonising the law on a European level are slim Despite these differences a common core of international corporate governance problems and regulatory solutions can be seen This volume of essays brings together a variety of international experts from both corporate governance and governance of non profit organisations to compare the two areas and explore the lessons that can be learned regarding comparative corporate governance for non profit organisations

Nonprofits and Government Elizabeth Boris, C. Eugene Steuerle, 2016-09-22 Nonprofits and Government provides students and practitioners with the first comprehensive interdisciplinary research based inquiry into the collaborative and conflicting relationship between nonprofits and government at all levels local national and international The contributors all leading experts explore how government regulates facilitates finances and oversees nonprofit activities and how nonprofits in turn try to shape the way government serves the public and promotes the civic religious and cultural life of the country Buttressed by rigorous scholarship a solid grasp of history and practical ideas this 360 degree assessment frees discussion of the nonprofit sector's relationship to government from both wishful and insular thinking The third edition addresses the tremendous changes that created both opportunities and challenges for nonprofit government relations over the past ten years including new audit requirements tax and regulatory changes consequences of the Affordable Care Act and the Great Recession and new nonprofit and philanthropic forms Contributions by Alan J Abramson Mark Blumberg Elizabeth T Boris Erica Broadus Evelyn Brody John Casey Roger Colivaux Joseph J Cordes Teresa Derrick Mills Nathan Dietz Lewis Faulk Marion Fremont Smith Saunji D Fyffe Virginia Hodgkinson B atrice Leydier Cindy M Lott Jasmine McGinnis Johnson Brice McKeever Susan D Phillips Steven Rathgeb Smith Ellen Steele C Eugene Steuerle Dennis R Young and Mary K Winkler

Philanthropy: Multidisciplinary Perspectives Giulia Neri-Castracane, Giuseppe Ugazio, 2025-05-13 Philanthropy Multidisciplinary Perspectives is a reference for academics and professionals engaged in philanthropy It brings together scholars from fields such as economics finance law philosophy and sociology showcasing the power of a multidisciplinary approach in providing a comprehensive view of this complex subject The book addresses foundational questions in philanthropy and is divided into four parts The first part asks the crucial question of why philanthropy matters exploring the motivations behind giving and

how beneficiaries are selected The second part looks at the interaction between business and philanthropy It examines the rise of social enterprises the shift toward purpose driven businesses and the evolution of corporate social responsibility into sustainable enterprises This part also addresses tax considerations that impact philanthropy s ability to scale The book explores the synergies between finance and philanthropy to foster sustainable development and how philanthropy is addressing or could address specific SDGs It concludes with key ingredients for good governance in philanthropy The book tackles major challenges such as diversity compensation and data management while tracing the evolution of best practices in foundation governance It identifies areas for improvement and discusses the relationships between governance in philanthropic organizations and important issues such as trust equality and democracy The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license *Nonprofit Trusteeship in Different Contexts* Rikki Abzug,Jeffrey S.

Simonoff,2017-11-28 Critical interest in the characteristics make up and management of nonprofit organizations has seldom been higher As this impetus grows this important book draws on advances in neo institutional organizational theory to explore the environmental and contextual influences on the structure and composition of boards of nonprofit organizations Using information theoretic modelling the book studies the interactions of time place and organizational types including faith affiliation on US nonprofit boards using unique quantitative data collected from over 300 prestigious nonprofit organizations in a range of major US cities With examples drawn from a variety of nonprofit sectors including hospitals museums orchestras universities family services and community foundations the book examines how boards evolve over time in often unexpected ways and in ways which reflect the regional industrial and religious differences in the same period Detailing the important implications for theory practice and policy this is the first book length treatment of this topic to feature such a range of industries geographic areas and time frames It offers a refreshing narrative and scientific approach new and comprehensive subject matter and a sweeping new time frame for literature in the field *Understanding Cultural Policy*

Carole Rosenstein,2018-03-09 Understanding Cultural Policy provides a practical comprehensive introduction to thinking about how and why governments intervene in the arts and culture Cultural policy expert Carole Rosenstein examines the field through comparative historical and administrative lenses while engaging directly with the issues and tensions that plague policy makers across the world including issues of censorship culture led development cultural measurement and globalization Several of the textbook s chapters end with a policy lab designed to help students tie theory and concepts to real world practical applications This book will prove a new and valuable resource for all students of cultural policy cultural administration and arts management *The State of Nonprofit America* Lester M Salamon,2012-05-14 Today America s nonprofit organizations seem caught in a force field buffeted by four impulses voluntarism professionalism civic activism and commercialism Too little attention however has been paid to the significant tensions among these impulses Understanding

this force field and the factors shaping its dynamics thus becomes central to understanding the future of particular organizations and of the nonprofit sector as a whole In this second edition of an immensely successful volume Lester Salamon and his colleagues offer an overview of the current state of America s nonprofit sector examining the forces that are shaping its future and identifying the changes that might be needed The State of Nonprofit America has been completely revised and updated to reflect changing political realities and the punishing economic climate currently battering the nonprofit sector which faces significant financial challenges during a time when its services are needed more than ever The result is a comprehensive analysis of a set of institutions that Alexis de Tocqueville recognized to be more deserving of our attention than any other part of the American experiment
