Prophecy Of The Sisters Prophecy Of The Sisters Trilogy:

Prophecy Of The Sisters Michelle Zink, 2009-08-06 Without the Keys something terrible will happen Something that cannot be undone And with them I might bring an end to the riddle of the Prophecy and my strange part in it If Alice and I are on conflicting sides of the Prophecy the Keys would be dangerous in her hands Which means I have to find them And I have to do it before my sister This is the story of sixteen year old Lia Milthorpe s quest to discover her role and her twin sister s in a powerful prophecy that has affected twin sisters for generations But nothing can prepare her for what she discovers about herself about her family and about the danger that goes from haunting her dreams to becoming her reality

seems like every other young adult YA book is about vampires zombies or werewolves These works are controversial since they look at aspects of life and human nature that adults prefer to keep hidden from teenagers But this is also why they are so important They provide a literal example of how ignoring life s hazards won t make them go away and demonstrate that ignorance of danger puts one at greater risk In *They Suck They Bite They Eat They Kill* The Psychological Meaning of Supernatural Monsters in Young Adult Fiction Joni Bodart examines six different monsters vampires shapeshifters zombies unicorns angels and demons in YA literature Bodart first discusses the meaning of these monsters in cultures all over the world Subsequent chapters explore their history and most important incarnations comparing the same kind of creatures featured in different titles This volume also contains interviews with authors who provide additional insight and information and the bibliography includes a comprehensive list of titles featuring the various monsters Analyzing the most important and well written series and titles for teens *They Suck They Bite They Eat They Kill* will be useful for parents teachers and anyone else hoping to understand why teens want to read books in this genre and what some of the benefits of reading them might be
