Prophetic Literature From Oracles To S:

Prophetic Literature Ronald L. Troxel, 2011-12-27 Prophetic Literature From Oracles to Books presents an in depth introduction to the origins and development of the Prophetic Books of the Old Testament including an examination of the literary structure authorship and editorial processes that produced each book The only introductory textbook that explores both how the prophetic books were composed and edited Accessible and engaging the book contains numerous student features to encourage learning including introductions summaries tables and boxes etc Based on international scholarship on the individual prophetic books including German scholarship that is otherwise inaccessible to most English readers

Literary Structure and Setting in Ezekiel Tyler D. Mayfield, 2010 Revised thesis Ph D Claremont Graduate University Claremont California 2009 An Old Testament Theology Bruce K. Waltke, 2011-04-19 The Old Testament is more than a religious history of the nation of Israel It is more than a portrait gallery of heroes of the faith It is even more than a theological and prophetic backdrop to the New Testament Beyond these the Old Testament is inspired revelation of the very nature character and works of God As renowned Old Testament scholar Bruce Waltke writes in the preface of this book the Old Testament s every sentence is fraught with theology worthy of reflection This book is the result of decades of reflection informed by an extensive knowledge of the Hebrew language the best of critical scholarship a deep understanding of both the content and spirit of the Old Testament and a thoroughly evangelical conviction Taking a narrative chronological approach to the text Waltke employs rhetorical criticism to illuminate the theologies of the biblical narrators Through careful study he shows that the unifying theme of the Old Testament is the breaking in of the kingdom of God This theme helps the reader better understand not only the Old Testament but also the New Testament the continuity of the entire Bible and ultimately God himself **The Prophetic Literature** Prof. Marvin A. Sweeney, 2010-10-01 Biblical Studies Biblical texts

create worlds of meaning and invite readers to enter them When readers enter such textual worlds which are often strange and complex they are confronted with theological claims With this in mind the purpose of the Interpreting Biblical Texts series is to help serious readers in their experience of reading and interpreting by providing guides for their journeys into textual worlds The controlling perspective is expressed in the operative word of the title interpreting The primary focus of the series is not so much on the world behind the texts or out of which the texts have arisen as on the worlds created by the texts in their engagement with readers Although these books of the prophets are based upon the careers and experiences of some of the most talented and provocative individuals of their times the books must be read first as literature Each book displays its own unique organization literary characteristics and theological outlook in presenting the prophets In the case of Jeremiah interpreters must even consider two distinctive forms of the book in the Hebrew Bible and the Greek Septuagint By guiding the reader through the literary structure and language of each of the prophetic books as well as the social roles of the individual prophets this volume opens the reader to greater understanding and appreciation of the prophets of Israel and

Judah Fact packed and crystal clear Marvin Sweeney's *Interpreting Biblical Texts: The Prophetic Literature* invites readers to tour the landscape of ancient Israel's Latter Prophets corpus. Sweeney serves as a first rate guide equipping readers with basic knowledge to grasp and grapple with the literary legacies of the canonical prophets. True to the series title he interprets texts with an eye to major dynamic themes in Jewish and Christian traditions. The volume proves a reliable guidebook for readers wishing not only to survey but also to engage in dialogue with ancient Israel's canonical prophets.

Katheryn Pfisterer Darr, Professor of Hebrew Bible, Boston University. The aim of the series *Interpreting Biblical Texts* is pedagogical. This well written, easy to follow and coherent book serves its purpose well. More importantly, it certainly invites and guides its readers in the enterprise of interacting with the prophetic books in a way that is informed by recent academic scholarship on this literature.

Ehud Ben Zvi, History and Classics Interdisciplinary Program of Religious Studies, University of Alberta. This is a new and interesting approach to the prophetic literature which will be illuminating for theological reflection in our own post Holocaust era.

John J. Collins, Holmes Professor of Old Testament, Yale. Marvin A. Sweeney is Professor of Hebrew Bible, Claremont School of Theology and Professor of Religion at Claremont Graduate University.

The Book of Amos and its Audiences: Prophecy, Poetry, and Rhetoric Andrew R. Davis, 2023-06-22. Analyses the poetic audiences of the book of Amos by distinguishing the textual addressee from its actual audiences.

Let Us Go to the Seer! Ryan D. Schroeder, 2025-03-03. Prophecy in the Hebrew Bible. Old Testament has long been regarded as fundamentally different from the divinatory methods of ancient pagans while the pagans sought out and solicited messages from the gods, the Hebrew prophets received revelation spontaneously at the initiative of Israel's deity. The trouble with this dichotomy between solicited and spontaneous revelation is that it overlooks or misreads a number of ancient sources and it obscures the similarities between Hebrew and other societies of the ancient Middle East. In this book, Ryan D. Schroeder re-examines the evidence for prophecy both in the Hebrew Bible and in documents excavated in Israel, Palestine, Syria, Jordan, and Iraq since the late nineteenth century. He shows that prophecies were regularly solicited across ancient West Asia. Moreover, the spontaneity of Israelite revelation is largely a mirage produced by ancient Hebrew scribes and reinforced by modern scholars intent on establishing the uniqueness and superiority of biblical religion.

Prophets, Prophecy, and Prophetic Texts in Second Temple Judaism Michael Floyd, Robert D. Haak, 2006-02-28. Essays examine the work of prophets in Second Temple Judaism.

Abstracts: Society of Biblical Literature Annual Meeting Society of Biblical Literature, 1979.

The Book of Amos in Emergent Judah Jason Radine, 2010. Originally presented as the author's thesis, doctoral, University of Michigan, 2007.

Forming Prophetic Literature James W. Watts, Paul R. House, 1996-10-01. These essays are written in honour of John D. W. Watts, formerly Professor of Old Testament at Southern Baptist Seminary, Louisville, Kentucky, and Old Testament editor of the *Word Biblical Commentary*, well known for his contributions, especially to scholarship on the prophetic books. Accordingly, the essays here address the literary, redactional, and canonical questions posed by the Hebrew Bible's prophetic literature.

The prophetic books have defied easy classification according to genre or facile explanation of their historical development. With a special focus on the books of Isaiah and of the Twelve Prophets the nature and formation of prophecy as literature is probed from a variety of methodological standpoints including textual criticism, synchronic literary analysis, tradition history, and redaction criticism.
