Reclaiming Your Power Corey Sondrup, 2008

God and Science Linda Gauthier, 2020-10 There is a cosmic energy that is all creative in the universe We are using this energy everyday whether we know it or not Linda reveals the ways God and science use energy What was once seen as metaphysical is now being proven in laboratories on a subatomic level Most of us are operating on auto pilot and reacting to every circumstance that comes into our life We are miss using our energy to support our fears and limitations We keep repeating the same painful and destructive patterns Using positive thinking and affirmations isn t working We think we need more will power and we blame ourselves The reason that this isn t making lasting changes in our life is because we are using the wrong part of our mind What we discover is that it is our beliefs that are controlling our life Our beliefs are buried in our subconscious mind Until now we have been unaware of what was hidden there Using PSYCH K we can bring our traumas and limiting beliefs to light When we see what has been holding us back and making us sick we are able to replace those beliefs with new beliefs that create health wealth and joy When we harness this energy we can live in peace love and joy We can rise to our highest vibration We are all connected to and interdependent upon each other When you raise your vibration you raise the vibration of the world We are in a time when we can accelerate our human potential
