Psychiatry And The Business Of Madness An Ethical And Epistemological Accounting

Emma Tseris

Psychiatry And The Business Of Madness An Ethical And Epistemological Accounting:

Psychiatry and the Business of Madness B. Burstow, 2015-04-01 Based on extensive research this book is a fundamental critique of psychiatry that examines the foundations of psychiatry refutes its basic tenets and traces the workings of the industry through medical research and in depth interviews

Routledge International Handbook of Critical Mental Health Bruce Cohen, 2017-09-22 The Routledge International Handbook of Critical Mental Health offers the most comprehensive collection of theoretical and applied writings to date with which students scholars researchers and practitioners within the social and health sciences can systematically problematise the practices priorities and knowledge base of the Western system of mental health With the continuing contested nature of psychiatric discourse and the work of psy professionals this book is a timely return to theorising the business of mental health as a social economic political and cultural project one which necessarily involves the consideration of wider societal and structural dynamics including labelling and deviance ideological and social control professional power consumption capital neoliberalism and self governance Featuring original essays from some of the most established international scholars in the area the Handbook discusses and provides updates on critical theories of mental health from labelling social constructionism antipsychiatry Foucauldian and Marxist approaches to critical feminist race and queer theory critical realism critical cultural theory and mad studies Over six substantive sections the collection additionally demonstrates the application of such theoretical ideas and scholarship to key topics including medicalisation and pharmaceuticalisation the DSM global psychiatry critical histories of mental health and talk therapy Bringing together the latest theoretical work and empirical case studies from the US the UK Australia New Zealand Europe and Canada the Routledge International Handbook of Critical Mental Health demonstrates the continuing need to think critically about mental health and illness and will be an essential resource for all who study or work in the field

Madness and Distress in Music Education Juliet Hess, 2024-04-12 *Madness and Distress in Music Education* offers an in depth exploration of mental health and emotional distress in the context of music education offering new ways of thinking about these experiences and constructing ways to support distress through affirming pedagogy practices and policies in music education Centering the lived experiences of 15 people in a range of roles across music education who self identify an issue with their mental health the volume addresses impacts on both students and educators The author draws on Mad Studies and disability studies to present new paradigms for thinking about Madness and distress in the music context An essential resource for music educators music education researchers and preservice students seeking to understand the complexities of mental health in the music classroom this book considers how people conceptualize their mental health how distress impacts participation in music education how music education may support or exacerbate distress and what supports for distress can be implemented in music education

The Routledge International Handbook of Race, Culture and Mental Health Roy Moodley, Eunjung Lee, 2020-10-27 This handbook presents a thorough examination of the intricate interplay of

race ethnicity and culture in mental health historical origins subsequent transformations and the discourses generated from past and present mental health and wellness practices The text demonstrates how socio cultural identities including race gender class sexual orientation disability religion and age intersect with clinical work in a range of settings Case vignettes and recommendations for best practice help ground each in a clinical focus guiding practitioners and educators to actively increase their understanding of non Western and indigenous healing techniques as well as their awareness of contemporary mental health theories as a product of Western culture with a particular historical and cultural perspective The international contributors also discuss ways in which global mental health practices transcend racial cultural ethnic linguistic and political boundaries The Routledge International Handbook of Race Culture and Mental Health is an essential resource for students researchers and professionals alike as it addresses the complexity of mental health issues from a critical global perspective

Psychiatric Hegemony Bruce M. Z. Cohen, 2016-11-21 This book offers a comprehensive Marxist critique of the business of mental health demonstrating how the prerogatives of neoliberal capitalism for productive self governing citizens have allowed the discourse on mental illness to expand beyond the psychiatric institution into many previously untouched areas of public and private life including the home school and the workplace Through historical and contemporary analysis of professional knowledge claims and practices Bruce Cohen shows how the extension of psychiatric authority can only be fully comprehended through the systematic theorising of power relations within capitalist society From schizophrenia and hysteria to Attention Deficit Hyperactivity Disorder and Borderline Personality Disorder from spinning chairs and lobotomies to shock treatment and antidepressants from the incarceration of working class women in the nineteenth century to the torture of prisoners of the war on terror in the twenty first Psychiatric Hegemony is an uncompromising account of mental health ideology in neoliberal society

Trauma, Women's Mental Health, and Social Justice Emma Tseris, 2019-04-01 This book argues that while notions of trauma in mental health hold promise for the advancement of women's rights the mainstreaming of trauma treatments and therapies has had mixed implications sometimes replacing genuine social change efforts with new forms of female oppression by psychiatry It contends that trauma interventions often represent a business as usual approach within psychiatry with women being expected to comply with rigid treatment protocols accepting the advice given by trauma experts that they are mentally unstable and that they must learn to manage the effects of violence in the absence of any real changes to their circumstances or resources A critique of trauma treatment in its current form Trauma Women's Mental Health and Social Justice recommends practical steps towards a socio political perspective on trauma which passionately re engages with feminist values and activist principles

A Critical Mental Health Primer Jan DeFehr, 2025-03-20 In A Critical Mental Health Primer Dr Jan DeFehr associate professor with twenty years of clinical social work experience provides an overview of critical mental health scholarship arguing that providing access to critical mental health knowledge is a prerequisite for ethical practice Through a peer reviewed critique of psychiatry and its broad field of

mental health topics explored include scientific critique of evidence the potential long term harm caused by mental disorder diagnoses key concerns related to lack of transparency and procedural justice anti colonial critiques of the mental health system critiques concerning psychiatric drugs and the DSM ethical standards of care and practical guidance for supporting one another outside of the dominant mental health model A Critical Mental Health Primer is an essential text for undergraduate and graduate level mental health courses across social work education health sciences studies and nursing programs in both universities and colleges

Abolishing the Concept of Mental Illness Richard Hallam,2018-03-20 In Abolishing the Concept of Mental Illness Rethinking the Nature of Our Woes Richard Hallam takes aim at the very concept of mental illness and explores new ways of thinking about and responding to psychological distress Though the concept of mental illness has infiltrated everyday language academic research and public policy making there is very little evidence that woes are caused by somatic dysfunction This timely book rebuts arguments put forward to defend the illness myth and traces historical sources of the mind body debate The author presents a balanced overview of the past utility and current disadvantages of employing a medical illness metaphor against the backdrop of current UK clinical practice Insightful and easy to read Abolishing the Concept of Mental Illness will appeal to all professionals and academics working in clinical psychology as well as psychotherapists and other mental health practitioners

Streaming Mental Health and Illness Emily Katseanes,2023-01-04 From mindfulness in schools to meditation apps mental health is bursting out of the psychiatrist's chair and into our everyday conversations As awareness of mental health increases so does its predominance in popular culture which makes for a particularly interesting investigation into the representation of these concerns on our most ubiquitous streaming service Netflix These eight essays explore how the service's original content jumps into those conversations creating helpful or harmful messaging about the inner workings of our minds From toxic masculinity to PTSD adolescence to motherhood mental health touches our lives in myriad ways This interdisciplinary collection explores these intersections examining how representations of mental health on our screens shape our understanding of it in our lives

Essentials of Mental Health Nursing Karen M. Wright,Mick McKeown,2024-03-21 The book is a one stop shop for mental health nursing providing students with a carefully developed collection of key information

Psychiatry And The Business Of Madness An Ethical And Epistemological Accounting Book Review: Unveiling the Power of Words
