Psalms Reading And Studying The Book Of Praises:

Old Testament Introduction Mark Mangano, 2005 **Psalms** William H. Jr. Bellinger, 1990-07 The author first explains how three elements of a Psalm setting shape and poetic nature affect proper interpretation Then he applies his interpretive method to five different types of psalms giving readers a chance to see the method in action Includes a glossary questions for further study and indexes from back cover The Book of Psalms Nancy deClausse-Walford, Rolf A. Jacobson, Beth LaNeel Tanner, 2014-12-12 Reflecting the combined insights and strengths of three superior biblical scholars this book is the most complete and detailed one volume commentary available on the Psalms Nancy deClausse Walford Rolf Jacobson and Beth LaNeel Tanner offer a succinct introduction to the Psalter a new translation of all the psalms that takes special account of the Dead Sea Scrolls and individual entries on each psalm unit Throughout their commentary they drew on state of the art research on the canonical shape and shaping of the Psalter and give nuanced attention to the poetic nature of the psalms

Introduction to the Psalms Nancy deClausse-Walford, 2012-11 Introduction to the Psalms A Song from Ancient Israel seeks to provide the reader with a solid introduction to the Hebrew Psalter one that is informed by an interest in its shape and shaping The author Nancy deClausse Walford provides an up to date study on the poetic style of the psalms in the Psalter their Gatt ngen or genres the broad shape of the book and the history of its shaping She introduces each of the five books of the Psalter providing a detailed examination of those individual psalms that are either key to the shaping of the Psalter or interesting studies in poetic style In the final chapter deClausse Walford draws conclusions about the shape of the Psalter and about its story and message She proposes a way to read the Psalms as a unified whole and in relationship to one another rather than as individual pieces giving an inclusive all encompassing shape to the Psalter Included are two appendices that provide a listing of the superscriptions and Gatt ngen of the psalms in the Hebrew Psalter and an explanation of many of the technical terms found in their superscriptions Reading from the Beginning Nancy L. DeClausse-Walford, 1997 The canonical shape of the Hebrew Bible reveals the footprints of the communities of faith that formed that literature Nancy deClausse Walford explores the process by which the postexilic community selected appropriated and shaped various psalms into the Hebrew Psalter The Psalter she concludes tells its own story of the history of ancient Israel and gives its shaping community and subsequent believing communities a rationale for continued existence as a people with God as their king
