Psychoanalysis Arnold D. Richards, 2015-09-01 Arnold Richards's psychoanalytic contributions follow the leitmotif of integrative pluralism how to continue the dialogue between the contributors of disparate psychoanalytic schools of thought in the thought collectives with the larger psychoanalytic knowledge base as it grows and changes with each new contribution The chapters of the first section of this book show us the evolution of this design Although these chapters give us a noticeable trace of this motif it has taken more than half a century to develop requiring life experience from the many roles Richards has played and the posts he has held see Friedman p __ He has been editor of *The American Psychoanalyst* TAP Journal of the American Psychoanalytic Association JAPA Festschrifts for four prominent psychoanalysts 1986 1988 1993 1994 two additional collections 2001 2010 and lately *International Psychoanalysis* net He is also the publisher of IPBooks During this time he has practiced his craft as teacher supervisor training analyst and clinician along the way contributing over a hundred publications to the psychoanalytic literature As editor in chief of *The Zine* Richards has kept its readers up to date on all things psychoanalytically fit to print He has also organized a series of annual conferences bringing together dissimilar points of view around a common clinical concerns and a major educational and training dilemmas It has been suggested that he be given the title omniscient editor Friedman 2004 p 13 Throughout these dialogues as we will see Richards has attempted to engage those who claim a new orthodoxy and would minimize the overall efforts of psychoanalysis those who claim new theories usually untested and unproven that would replace the old and those immovably complacent in the status quo

Psychoanalytic Method in Motion Richard Tuch, 2017-10-30 *Psychoanalytic Method in Motion* identifies and examines varied controversies about how psychoanalysts believe treatment should best be conducted Irrespective of their particular school of thought every analyst builds up a repertoire of his favored ways of working which some analysts come to see as the most efficacious approach to treatment available While such differences of opinion are unsettling and may even threaten to tear the field asunder this book sees these differences as benefitting psychoanalysis by improving the ways in which psychoanalysts and psychoanalytic psychotherapists practice In this book Richard Tuch covers the waterfront by examining controversies that further the field by raising questions that help evolve the treatment challenging every analyst to re think what they are doing in the consulting room and why Some of the chief controversies explored include the enactment debate unparalleled tool or regrettable error whether analysts can truly be objective whatever that means the advantages and disadvantages arising from the analyst's use of authority the ways in which theory influences the analyst's search for data blinding him to evidence he implicitly discards as irrelevant whether any given treatment approach is more efficacious than others as some analysts claim the legitimacy of psychoanalysis itself whether it can truly be considered scientific whether certain methods of supervision are more effective than others whether free association can be considered therapeutic in and of itself the extent to which an analyst preferred clinical theory is a product of his personality Drawing on ideas from a range

of different analytic perspectives this book is an essential and accessibly written guide to working towards best practice in the analytic setting Psychoanalytic Method in Motion will appeal greatly to both students and practitioners of psychoanalysis and psychoanalytic psychotherapy **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1987 Current Catalog National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 **The Nation** ,1879 **Arts & Humanities Citation Index** ,1998 The British National Bibliography Arthur James Wells,2001 **American Book Publishing Record** ,1980 **Whitaker's Books in Print** ,1998 **Books in Print** ,1993-09 V 1 Authors A D v 2 Authors E K v 3 Authors L R v 4 S Z v 5 Titles A D v 6 Titles E K v 7 Titles L Q v 8 Titles R Z v 9 Out of print out of stock indefinitely v 10 Publishers
