Psychoanalysis With Children History Theory And Practice:

Psychoanalysis with Children Leonardo S Rodriguez,1999-01 This text is a major contribution to the theory and practice of psychoanalysis with children from a Lacanian perspective and is the first of its kind in the English language Here the theoretical approaches and clinical practices of the psychoanalysts that historically have prevailed in the field of psychoanalysis with children are critically examined Hermine Hug Hellmuth Anna Freud Melanie Klein and her school DW Winnicott Jacques Lacan and Rosine and Robert Lefort With more than twenty five years of clinical experience with children and their parents as well as research on psychoanalytic concepts and practical applications the author also presents his views on a number of issues of crucial relevance for psychoanalytic theory and practice with children *Dialogues with Children and Adolescents* Björn Salomonsson,Majlis Winberg-Salomonsson,2016-02-05 Psychoanalytic work with children is popular but the sophisticated language used in psychoanalytic discourse can be at odds with how children communicate and how best to communicate with them *Dialogues with Children and Adolescents A Psychoanalytic Guide* shows how these aims can be achieved for the most effective clinical outcome with children from infancy up to late adolescence Björn Salomonsson and Majlis Winberg Salomonsson draw on extensive case material which reveals the essence of communication between child and therapist They enfranchise the patient of all ages as an equal participant in the therapeutic relationship Presented in letter form the cases contain no professional terms Only the final chapter contains theoretical commentaries applicable to each case These terms and theories help to explain a child's behaviour the analyst's technique and the background to the disorder This is new creative development in child therapy and analysis which is written in a very accessible style *Dialogues with Children and Adolescents* will be essential reading for beginners in psychoanalytic work with children and will cast a fresh light on such work for more experienced clinicians It will also appeal to the non professional lay reader
