Sacred Hunger By Barry Unsworth Summary Study Guide:

A Study Guide for Michael Ondaatje's "The English Patient" Gale, Cengage Learning, 2016-06-29 A Study Guide for Michael Ondaatje's *The English Patient* excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. For any literature project, trust *Novels for Students* for all of your research needs.

Sealing through the Past Joanna Rostek, 2011-01-01 From Daniel Defoe to Joseph Conrad, from Virginia Woolf to Derek Walcott, the sea has always been an inspiring setting and a powerful symbol for generations of British and Anglophone writers. *Sealing through the Past* is the first study to explicitly address the enduring relevance of the maritime metaphor in contemporary Anglophone fiction. Through in-depth readings of fourteen influential and acclaimed novels published in the course of the last three decades, the book trenchantly argues that in contemporary fiction, maritime imagery gives expression to postmodernism's troubled relationship with historical knowledge as theorised by Hayden White, Linda Hutcheon, and others. The texts in question are interpreted against the backdrop of four aspects of metahistorical problematisation. Thus, among others, Iris Murdoch's *The Sea* (1978) is read in the context of auto-biographical writing; John Banville's *The Sea* (2005) as a narrative of personal trauma; Julian Barnes's *A History of the World in 10 1/2 Chapters* (1989) as investigating the connection between discourses of origin and the politics of power; and Fred D'Aguiar's *Feeding the Ghosts* (1997) as opening up a postcolonial perspective on the sea and history. Persuasive and topical, *Sealing through the Past* offers a compelling guide to the literary oceans of today.

Contemporary Historical Fiction, Exceptionalism and Community Susan Strehle, 2020-10-19 This book analyzes a significant group of contemporary historical fictions that represent damaging even catastrophic times for people and communities written after the wreck they recall instructive pasts. The novels chronicle wars, slavery, racism, child abuse, and genocide; they reveal damages that ensue when nations claim an exalted exceptionalist identity and violate the human rights of their Others. In sympathy with the exiled writers of these contemporary historical fictions, we create alternative communities on the state's outer fringes. These fictive communities include where the state excludes, they foreground relations of debt and obligation to the group in place of individualism, competition, and private property. Rather than assimilating members to a single identity with a unified set of views, the communities open multiple possibilities for belonging. Analyzing novels from Britain, Australia, and the U.S. along with additional transnational examples, Susan Strehle explores the political vision animating some contemporary historical fictions.

Indian Review of Books, 1995

[The British Slave Trade and Public Memory](#) Elizabeth Kowaleski Wallace, 2006-01-11 How does a contemporary society restore to its public memory a momentous event like its own participation in transatlantic slavery? What are the stakes of once more restoring the slave trade to public memory? What can be learned from this history? Elizabeth Kowaleski Wallace explores these questions in her study of depictions and remembrances of British involvement in the slave trade. Skillfully incorporating a range of material

Wallace discusses and analyzes how museum exhibits novels television shows movies and a play created and produced in Britain from 1990 to 2000 grappled with the subject of slavery Topics discussed include a walking tour in the former slave trading port of Bristol novels by Caryl Phillips and Barry Unsworth a television adaptation of Jane Austen's *Mansfield Park* and a revival of Aphra Behn's *Oroonoko* for the Royal Shakespeare Company In each case Wallace reveals how these works and performances illuminate and obscure the history of the slave trade and its legacy While Wallace focuses on Britain her work also speaks to questions of how the United States and other nations remember inglorious chapters from their past

Sacred Hunger Barry Unsworth, 2012-01-10 Winner of the Booker Prize A historical novel set in the eighteenth century *Sacred Hunger* is a stunning engrossing exploration of power domination and greed in the British Empire as it entered fully into the slave trade and spread it throughout its colonies Barry Unsworth follows the failing fortunes of William Kemp a merchant pinning his last chance to a slave ship his son who needs a fortune because he is in love with an upper class woman and his nephew who sails on the ship as its doctor because he has lost all he has loved The voyage meets its demise when disease spreads among the slaves and the captain's drastic response provokes a mutiny Joining together the sailors and the slaves set up a secret utopian society in the wilderness of Florida only to await the vengeance of the single minded young Kemp

Men and Women Writers of the 1930s Janet Montefiore, 2003-09-02 This book examines in detail the contribution of women writers through their memoirs fiction and poetry to the literature of the 1930s The author challenges the traditional literary analyses of this dynamic and politically charged decade

Narrating the Slave Trade, Theorizing Community Raphaël Lambert, 2018-12-24 In *Narrating the Slave Trade Theorizing Community* Raphaël Lambert explores the notion of community in conjunction with literary works concerned with the transatlantic slave trade The recent surge of interest in both slave trade and community studies concurs with the return of free market ideology which once justified and facilitated the exponential growth of the slave trade The motif of unbridled capitalism recurs in all the works discussed herein however community whether racial political utopian or conceptual emerges as a fitting frame of reference to reveal unsuspected facets of the relationships between all involved parties and expose the ramifications of the trade across time and space Ultimately this book calls for a complete reevaluation of what it means to live together
