Midnight's Descendants South Asia From Partition To The Present Day:

Midnight's Descendants: South Asia from Partition to the Present Day John Keay, 2014-01-16 The first modern history of all South Asia's peoples *Midnight's Descendants* John Keay, 2014 An epic narrative history that compares and contrasts the fortunes of all the countries that make up South Asia If British India had not been partitioned in 1947 its population would today be the world's largest At c1 5 billion Midnight's Descendants the offspring of those affected by the midnight hour Partition already outnumber Europeans and Chinese and they are growing faster than either They comprise all the peoples of what is now called South Asia the preferred term for the partitioned subcontinent of modern India Pakistan and Bangladesh plus Nepal and Sri Lanka Midnight's Descendants is the first history of the region as a whole Correlating and contrasting the fortunes of all the constituent nations over the last six decades affords unique insights into what is hailed as one of the world's most dynamic regions John Keay is an expert on the region and the book will be the first account to incorporate the rich story of South Asia's transnational or diasporic peoples from the overlooked narratives of the subcontinent to the rise of India as a global force Midnight's Descendants will be expansive and tumultuous in the great tradition of India's narrative epics Publisher Anglo-Indians and Minority Politics in South Asia Uther

Charlton-Stevens, 2017-11-03 Anglo Indians are a mixed race Christian and Anglophone minority community which arose in South Asia during the long period of European colonialism An often neglected part of the British Raj their presence complicates the traditional binary through which British imperialism is viewed of ruler and ruled coloniser and colonised The book analyses the processes of ethnic group formation and political organisation beginning with petitions to the East India Company state through the Raj's constitutional communalism to constitution making for the new India It details how Anglo Indians sought to preserve protected areas of state and railway employment amidst the growing demands of Indian nationalism Anglo Indians both suffered and benefitted from colonial British prejudices being expected to loyally serve the colonial state as a result of their ties of kinship and culture to the colonial power whilst being the victims of racial and social discrimination This mixed experience was embodied in their intermediate position in the Raj's evolving socio racial employment hierarchy The question of why and how a numerically small group who were privileged relative to the great majority of people in South Asia were granted nominated representatives and reserved employment in the new Indian Constitution amidst a general curtailment of minority group rights is tackled directly Based on a wide range of source materials from Indian and British archives including the Anglo Indian Review and the debates of the Constituent Assembly of India the book illuminatingly foregrounds the issues facing the smaller minorities during the drawn out process of decolonisation in South Asia It will be of interest to students and researchers of South Asia Imperial and Global History Politics and Mixed Race Studies **Handbook of Asian States: Part 1** LIT Verlag, 2022-11-08 This handbook presents precise yet accessible up to date information about the geography history culture politics and economy of 49 Asian states
