Medical Terminology Systems Updated Barbara Gylys,Mary Ellen Wedding,2023-02-20 A better way to learn a word building and body systems approach A true blend of words art and technology Medical Terminology

Systems and Medical Language Lab MLL work together to create an immersive multimedia experience that tracks each student's progress until they've mastered the language of medicine. An access code inside new printed textbooks unlocks an ebook as well as access to MLL. Or choose the all digital Instant Access option which includes the ebook and immediate access to MLL. See what students are saying about the 8th Edition Amazing Textbook for Medical Terms class. I love the format that each chapter begins with a review of the body system. If you are entering the medical healthcare field and need to take a medical terminology class, this is the best book because it's thorough and easy to use. Zora Online Reviewer LEARN. Build a solid foundation with the text. Students begin by learning the parts of words: roots, combining forms, suffixes, and prefixes. Then they use their understanding of word parts to learn medical terminology. Mnemonic devices and engaging interactive exercises make word building fun and easy, ensuring students retain the information they need for success. PRACTICE. Study smarter, not harder. Based on proven language methodology, Medical Language Lab MLL guides students step by step from basic through advanced levels of proficiency to become confident medical language speakers. Students review what they've learned from the text and in class through activities and quizzes. ASSESS. Build mastery. Attain fluency. Students and their instructors can monitor their progress through every MLL lesson and assignment to identify the areas where they're struggling. A Review section provides additional activities for remediation. The Student Lesson Gradebook identifies which lessons have been completed or not completed and the grade earned, while the Student Activity Gradebook details how each student performed on specific assignments and how long they took to complete each.
