The Performing Pianist's Guide to Fingering Joseph Banowetz,2021-02-09 The Performing Pianist s Guide to Fingering the much anticipated companion to Joseph Banowetz s The Pianist s Guide to Pedaling provides practical fingering solutions for technical musical passages Banowetz contends that fingering choices require much thought and consideration and that too often these choices are influenced by historical traditions and ideas rather than by actual performance conditions By returning to the unedited original compositions he strives to help the advanced pianist think through the composer s musical intent and the actual performance tempo and dynamics when selecting the fingering Banowetz also includes valuable contributions by Philip Fowke who examines redistributions by Benno Moiseiwitsch in Rachmaninoff s compositions and Nancy Lee Harper who explores the often very different approaches to fingering found in keyboard music of the Baroque era The Performing Pianist s Guide to Fingering will be useful to the advanced pianist and to instructors looking to guide students in improving this important art

Manual Training Magazine Charles Alpheus Bennett,1920 **A Psychospiritual Healing manual with integral psychedelic therapy** ,2024-03-28 The invitation to write a foreword for this book came at an opportune time in the development of the field of psychedelic assisted therapy amid the emergence of the future iteration of mental health services delivered by the promises of the psychedelic renaissance Also alive in this context are the substantial individual social and cultural repercussions of a global pandemic on mental health and human behavior A growing body of research shows encouraging clinical results in treating trauma depression demoralization end of life existential issues addiction and eating disorders using MDMA psilocybin ketamine and other psychedelic medications However the field of psychedelic assisted therapy has gained accelerated support from donors the medical establishment and corporate investors in recent years Along with the enthusiasm recognition funding and media coverage directed toward psychedelic assisted therapy ethical standards the lack of adequate training and issues of accessibility sustainability diversity and inclusion are increasingly becoming part of the movement s forefront These gaps in the emerging field highlight the need for more guidance and structure around ethical clinical and social considerations for these innovative treatments This book can serve as a cornerstone for the field of psychedelic assisted therapy at this time This essential contribution offers a depth oriented somatic and relational therapeutic approach emphasizing the imperative of ethical standards the relevance of the therapeutic use of touch the significance of the unconscious in the construction of symbolic meaning and intersubjective processes and the need for trauma informed approaches while centering liberation psychology and decolonial practices The topics covered in this book and the themes embraced by the authors are of great relevance and are not yet comprehensively articulated in existing publications on psychedelic assisted therapy The diverse authors of this book approach their chapters based on their diverse social and cultural identities as well as their extensive clinical experience providing psychedelic assisted therapy in government approved clinical research private practice and nonprofit organization settings Their contributions aim at a vision of psychedelic assisted therapy centered on decolonial practices attuned to the somatic imaginal cultural and relational dimensions of being allowing the emergence of transpersonal processes Each chapter elaborates practical and theoretical aspects of this treatment modality through a unique theoretical framework providing inspiration and guidance to readers working in this field as well as those compelled to psychedelic work for personal transformation **The**

Inquisitors' Manual António Lobo Antunes, 2004-04-08 Like a Portuguese version of *As I Lay Dying* but more ambitious António Lobo Antunes's eleventh novel chronicles the decadence not just of a family but of an entire society a society morally and spiritually vitiated by four decades of totalitarian rule In this his masterful novel António Lobo Antunes one of the most skillful psychological portraitists writing anywhere renders the turpitude of an entire society through an impasto of intensely individual voices The New Yorker The protagonist and anti hero Senhor Francisco a powerful state minister and personal friend of Salazar expects to be named prime minister when Salazar is incapacitated by a stroke in 1968 Outraged that the President Admiral Américo Tomás appoints not him but Marcelo Caetano to the post Senhor Francisco retreats to his farm in Setúbal where he vaguely plots a coup with other ex ministers and aged army officers who feel they've been snubbed or forgotten But it's younger army officers who in 1974 pull off a coup the Revolution of the Flowers so called since no shots were fired carnations sticking out of the butts of the insurgents' rifles ending 42 years of dictatorship Senhor Francisco more paranoid than ever accuses all the workers at his farm of being communists and sends them away with a brandished shotgun remaining all alone a large but empty shadow of his once seeming omnipotence to defend a decrepit farm from the figments of his imagination When the novel opens Senhor Francisco is no longer at the farm but in a nursing home in Lisbon with a bedpan between his legs having suffered a stroke that left him largely paralyzed No longer able to speak he mentally reviews his life and loves His loves In fact the only woman he really loved was his wife Isabel who left him early on when their son João was just a tiny boy Francisco takes up with assorted women and takes sexual advantage of the young maids on the farm the steward's teenage daughter and his secretaries at the Ministry but he can never get over the humiliation of Isabel having jilted him for another man Many years later he spots a commonplace shop girl named Mil who resembles his ex wife He sets the girl and her mother up in a fancy apartment makes her wear Isabel's old clothes and introduces her to Salazar and other government officials as his wife and everyone goes along with the ludicrous sham because everything about Salazar's Estado Novo New State was sham from the rickety colonial empire in Africa to the emasculate political leaders in the home country themselves monitored and controlled by the secret police Once the system of shams tumbles like a castle of cards Francisco's cuckoldry glares at him with even greater scorn than before and all around him lie casualties Mil and her mother return to their grubby notions shop more hopeless than ever because the mother is dying and Mil is suddenly a spinster without prospects The steward with no more farm to manage moves his family into a squalid apartment and gets a job at a squalid factory The minister's son raised by the housekeeper grows up to be good hearted but totally inept so that his ruthless in laws easily defraud him of his father's farm which they turn into a tourist resort The minister's daughter Paula whom he had by the cook and who was raised by a childless widow in another town is ostracized after the Revolution because of who her father was even though she hardly ever knew him Isabel the ex wife also ends up all alone in a crummy kitchenette in Lisbon but she isn't a casualty of Senhor Francisco or of society or of a political regime but of love of its near impossibility

Disillusioned by all the relationships she had with men she stoutly resists Francisco's ardent attempts to win her back preferring solitude instead. We have to go to the housekeeper Titina, this novel's most compelling character, to find hope of salvation, however unlikely a source she seems. Unattractive and uneducated, Titina never had a romantic love relationship, though she secretly loved her boss, who never suspected. She ends up like him in an old folks home, and like him she spends her days looking back and dreaming of returning to the farm in its heyday. Old age is a great equalizer. And yet the two characters are not equal. Titina retains her innocence. But it's not the innocence of helpless inability, the case of João Francisco's son, nor is it the pathetic innocence of Romeu, the emotionally and mentally undeveloped co-worker by whom Paula has a son. Titina isn't helpless or ingenuous, and she isn't immune to the less than flattering human feelings of jealousy, impatience, and anger. But she never succumbs to baser instincts. She knows her worth and cultivates it. She is a proud woman, but proud only of what she really is and what she has really accomplished in life. At one level, and it operates at many. The Inquisitorsssss Manual is an inquiry into the difficult coexistence of self-affirmation and tenderness toward others. Their correct balance, which equals human dignity, occurs in the housekeeper.
