No End Save Victory Perspectives On World War II:

No End Save Victory Various, 2002-02-22 Robert Cowley and the editors of Military History Quarterly present a fascinating anthology of World War II essays from some of the world's most eminent historians

No End Save Victory; Perspectives on World War II., **World War II** Carl J. Schneider, Dorothy Schneider, 2014-07 Firsthand accounts and brief biographies describe how Americans were affected by the events surrounding World War II

The Palgrave Concise Historical Atlas of World War II M. Folly, 2004-10-06 The Palgrave Concise Historical Atlas of the Second World War explores in graphical form the causes, course and consequences of this global war. Clear two-colour maps and diagrams are accompanied by a facing page of explanatory text addressing not just battles and campaigns but also clarifying the key social, economic and political aspects of the war. These tend to get less coverage in conventional military history atlases but are vital for understanding the totality of the war experience and its enduring legacy. Students and general readers will find it a useful and accessible introduction to the war in all its facets from its origins to its legacy

The Pointblank Directive L. Douglas Keeney, 2012-12-20 The Pointblank Directive is the result of extensive new research that creates a richly textured portrait of perhaps the last untold story of D Day. Where was the Luftwaffe on D Day? Following decades of debate, 2010 saw a formerly classified history restored and in it was a new set of answers. This title analyzes three uniquely talented men and why the German Air Force was unable to mount an effective combat against the invasion forces. Following a year of unremarkable bombing against German aircraft industries, General Henry H. Hap Arnold, commander of the U.S. Army Air Forces, placed his lifelong friend General Carl A. Tooey Spaatz in command of the strategic bombing forces in Europe and his protégé General James Jimmy Doolittle in command of the Eighth Air Force in England. For these fellow aviation strategists, he had one set of orders: sweep the skies clean of the Luftwaffe by June 1944. Spaatz and Doolittle couldn't do that, but they could clear the skies sufficiently to gain air superiority over the D Day beaches. The plan was called Pointblank.

Masters of the Air Donald L. Miller, 2014-09-16 *Masters of the Air* van Donald L. Miller vertelt het waargebeurde verhaal van de Amerikaanse Achtste Luchtmacht, de divisie die in WOII Hitler het vuur aan de schenen legde. Nu in speciale filmeditie. *Masters of the Air* van Donald L. Miller is het zeer persoonlijke verhaal van de Amerikaanse bomber boys onder wie bekende filmsterren als Clark Gable en Jimmy Stewart die lang voordat de geallieerde grondtroepen Duits grondgebied bereikten. Hitler in de Tweede Wereldoorlog het vuur aan de schenen legden. De prijs die hiervoor betaald moest worden was hoog: de Achtste Luchtmacht verloor tijdens de oorlog meer mensen dan het Amerikaanse Korps Mariniers. En degenen die het overleefden gingen gebukt onder een enorme psychische druk ten gevolge van het vliegen van operaties die veel weg hadden van zelfmoordmissies. *Masters of the Air* is gebaseerd op recente interviews, ooggetuigenverslagen en andere Amerikaanse, Britse en Duits archiefmateriaal. Donald L. Miller heeft het tot een bijzonder meeslepende en levensechte getuigenis van 's werelds eerste en enige luchtoorlog gemaakt. Nu ook te zien als televisieserie met belangrijke rollen voor onder meer Austin Butler, Barry

Keoghan en Ncuti Gatwa en geproduceerd door Steven Spielberg en Tom Hanks Het is onmogelijk niet meegezogen te worden door Millers passie voor het onderwerp en zijn grootse prestatie The Daily Telegraph Een uitstekend gedocumenteerde meeslepende vertelling van de luchtoorlog die de Amerikanen tegen nazi Duitsland vochten The New York Times

Escape From Davao John D. Lukacs,2023-04-04 Documents the escape of ten American prisoners of war from a World War II Japanese prison camp in the Philippines describing the inhumane conditions they endured and the political struggle that influenced their return home

Battalion Commanders at War Steven Thomas Barry,2013-05-23 Most histories of the U S Army in World War II view the Mediterranean Theater of Operations primarily as a deadly training ground for very green forces where lessons learned on the beaches of Oran in the hills of the Kasserine Pass area and at the collapse of the Tunis bridgehead all contributed to later success in Western Europe Steven Barry however contends that victory in the MTO would not have materialized without the leadership of battalion level commanders They operated at a high level despite the lack of combat experience for themselves and their troops ineffective leadership at higher levels and deficiencies in equipment organization and mobilization Barry portrays these officers as highly trained adaptable and courageous in their first combat experiences in North Africa and Sicily Their leadership he argues brought discipline maturity experience and the ability to translate common operational guidance into tactical reality and thus contributed significantly to battlefield success in North Africa and Sicily in 1942 1943 To explain how this happened he examines their prewar experiences including professional military education and unit training exercises personal factors such as calmness and physical resilience under fire and the ability to draw upon doctrine creatively apply the resources at their disposal and clearly define and communicate mission goals and means He also reveals how battalion leaders incorporated technological innovations into combined arms maneuvers by employing tank capabilities and close air support doctrine As Barry s assessment shows these battalion commanders were not the sole reason for the Allied triumph in North Africa and Sicily but victory would not have been possible without the special brand of military leadership they exhibited throughout those campaigns Under their leadership even inexperienced units were able to deliver credible combat performance and without the regular army battalion leaders U S units could not have functioned tactically early in the war One of the few studies to focus on tactical adaptation at the battalion level in conventional warfare Barry s book attests to the pivotal value of professional military education and makes an important contribution to today s organizational learning debate while providing an in depth view of adaptation of U S infantry and armored forces in 1942 1943

Village China at War Dagfinn Gatu,2008 This groundbreaking study on the forging of Chinese communism in the furnace of the anti Japanese war focuses on North China where the Chinese Communist Party first took root and later expanded to conquer China Whilst the explosive growth of the Chinese communist movement during the war years is a fact the nature of this expansion remains disputed Here the author examines a set of interrelated issues that have so far not received comprehensive treatment with regard to

the main communist base areas in North China regions where the CCP secured most of its recruits and where its policy programmes were most severely tested by Japanese military campaigns The analysis centres on how the CCP strove to combine two objectives that it perceived as crucial to building up a sustained mass resistance movement to the Japanese socio economic and political restructuring in favour of the poor and the forging of a grassroots rural united front including all social strata The author also stresses the host of severe constraints that the party s policy ambitions ran up against such as massive destruction of the local economy by the Japanese army the economic burden of running the resistance peasant ambivalence to revolutionary changes and the shortage of trained cadres Ultimately the movement spread too rapidly and too widely for the party centre to exert more than a very weak or mediated vanguard function outside scattered enclaves This in turn allowed localities an autonomous dynamic that often conflicted with higher party echelons Nevertheless the movement had a broad if highly uneven redistributive impact on power resources in the region leading to a structural fluidity that lowered the barriers to a future revolution History accelerated

The Cold War Stephen E. Ambrose, 2009-01-21 Even fifteen years after the end of the Cold War it is still hard to grasp that we no longer live under its immense specter For nearly half a century from the end of World War II to the early 1990s all world events hung in the balance of a simmering dispute between two of the greatest military powers in history Hundreds of millions of people held their collective breath as the United States and the Soviet Union two national ideological entities waged proxy wars to determine spheres of influence and millions of others perished in places like Korea Vietnam and Angola where this cold war flared hot Such a consideration of the Cold War as a military event with sociopolitical and economic overtones is the crux of this stellar collection of twenty six essays compiled and edited by Robert Cowley the longtime editor of MHQ The Quarterly Journal of Military History Befitting such a complex and far ranging period the volume s contributing writers cover myriad angles John Prados in The War Scare of 1983 shows just how close we were to escalating a war of words into a nuclear holocaust Victor Davis Hanson offers The Right Man his pungent reassessment of the bellicose air power zealot Curtis LeMay as a man whose words were judged more critically than his actions The secret war also gets its due in George Feiffer s The Berlin Tunnel which details the charismatic C I A operative Big Bill Harvey s effort to tunnel under East Berlin and tap Soviet phone lines and the Soviets equally audacious reaction to the plan while The Truth About Overflights by R Cargill Hall sheds light on some of the Cold War s best kept secrets The often overlooked human cost of fighting the Cold War finds a clear voice in MIA by Marilyn Elkins the widow of a Navy airman who details the struggle to learn the truth about her husband Lt Frank C Elkins whose A 4 Skyhawk disappeared over Vietnam in 1966 In addition there are profiles of the war s front lines Dien Bien Phu the Cuban Missile Crisis the Bay of Pigs as well as of prominent military and civil leaders from both sides including Harry S Truman Nikita Khrushchev Dean Acheson Gen Douglas MacArthur Richard M Nixon Gen Vo Nguyen Giap and others Encompassing so many perspectives and events The Cold War succeeds at an impossible task illuminating and explaining the history of an

undeclared shadow war that threatened the very existence of humankind
