The Core of Leadership Jim Trunick, 2013-08-21 Leadership is a choice You can choose to stay positive and in the moment or you can let yourself be full of doubt and negativity It takes as much energy to be frustrated as it does to be resourceful and it's hard to be both at the same time We tend to think of leadership as flashing swords generals on horseback and Winston Churchill For all the achievement billed as leadership I believe real leadership goes deeper I've learned that true leadership is to win from the middle Power lies in the middle of the organization at its core in its heart We hear about strengthening the core as a physical fitness or martial arts term We strengthen our physical core through nutrition and exercise to be better at delivering or taking a punch And life is a punch we all know it To strengthen our core is to first discover the core of ourselves To get to the core of leadership we need to peel down through the layers of our lives At the core of an apple are the seeds At the core of our bodies is the heart The seed is the essence of the apple and the heart is the essence of our humanity and in both lie the promise of new growth Our core captures and radiates our life and to be better requires strength The center of who we are Humble and sacrificed is the more true measure of teaching ourselves and others to win from the middle
