Getting the Picture Jason E. Hill, Vanessa R. Schwartz, 2020-09-08 Powerful and often controversial news pictures promise to make the world at once immediate and knowable Yet while many great writers and thinkers have evaluated photographs of atrocity and crisis few have sought to set these images in a broader context by defining the rich and diverse history of news pictures in their many forms For the first time this volume defines what counts as a news picture how pictures are selected and distributed where they are seen and how we critique and value them Presenting the best new thinking on this fascinating topic this book considers the news picture over time from the dawn of the illustrated press in the nineteenth century through photojournalism's heyday and the rise of broadcast news and newsreels in the twentieth century and into today's digital platforms It examines the many kinds of images sport fashion society celebrity war catastrophe and exoticism and many mediums including photography painting wood engraving film and video Packed with the best research and full colour illustrations throughout this book will appeal to students and readers interested in how news and history are key sources of our rich visual culture

Gendered Tropes in War Photography Marta Zarzycka, 2016-09-13 Photographic stills of women appearing in both press coverage and relief campaigns have long been central to the documentation of war and civil conflict Images of non Western women in particular regularly function as symbols of the misery and hopelessness of the oppressed Featured on the front pages of newspapers and in NGO reports they inform public understandings of war and peace victims and perpetrators but within a discourse that often obscures social and political subjectivities Uniquely this book deconstructs in a systematic gender sensitive way the repetitive circulation of certain images of war conflict and state violence in order to scrutinize the role of photographic tropes in the globalized visual sphere Zarzycka builds on feminist theories of representations of war to explore how the concepts of femininity and war secure each other's intelligibility in photographic practices This book examines the complex connections between photographic tropes and the individuals and communities they represent in order to rethink the medium of photography as a discursive and political practice This book interrogates both the structure and transmission of contemporary encounters with war violence and conflict It will appeal to advanced students and scholars of gender studies visual studies media studies photography theory cultural anthropology
