Reasoning With God Reclaiming Shariah In The Modern Age:

Reasoning with God Khaled Abou El Fadl, 2014-10-23 In light of recent concern over Shari'ah such as proposed laws to prohibit it in the United States and conflict over the role it should play in the new Egyptian constitution many people are confused about the meaning of Shari'ah in Islam and its role in the world today In *Reasoning with God* renowned Islamic scholar Khaled Abou El Fadl explains not only what Shari'ah really means but also the way it can revitalize and reengage contemporary Islam After a prologue that provides an essential overview of Shari'ah Abou El Fadl explores the moral trajectory of Islam in today's world Weaving powerful personal stories with broader global examples he shows the ways that some interpretations of Islam today have undermined its potential in peace and love Rather than simply outlining challenges however the author provides constructive suggestions about how Muslims can reengage the ethical tradition of their faith through Shari'ah As the world's second largest religion Islam remains an important force on the global stage *Reasoning with God* takes readers both Muslim and non Muslim beyond superficial understandings of Shari'ah to a deeper understanding of its meaning and potential

The Shari'a Aryn Sajoo, 2018-03-30 2019 Choice Outstanding Academic title I B Tauris in association with the Institute of Ismaili Studies Why is the term shari'a the mention of which conjures up images of a politicised religion in many parts of the world understood in the ways that it is today For Muslims and non Muslims alike much is read into this term often with scant regard for its historical cultural or theological underpinnings The politics of identity has a profound effect on contemporary life both secular and religious and this includes our understandings of the shari'a Yet at the core of this concept for Muslims is the quest for a moral compass by which to navigate a path through life Qur'an 45:18 informed deeply by revelation and its interpretation by the Prophet Muhammad as well as his closest Companions Built on this foundation is an ongoing human endeavour to grasp and lend expression to that teaching elaborately in law but no less so in devotional ethical and customary practices in diverse Shi'i and Sunni Muslim communities including in the West Popular myths about the shari'a that it is divine law that it is contained in a single code recognised by all Muslims that it is about controlling behavior that it defines Islam are challenged in this volume by leading scholars with a view to illuminating how we arrived here and where we might be headed The claims of the modern state as the custodian of the shari'a are put into perspective alongside the vital role of a pluralist civil society From bioethics human development family law and finance to constitutional and human rights issues this fifth volume in the Muslim Heritage Series offers an accessible account of the ideals and realities of the shari'a As such it will appeal not only to specialists in the humanities and social sciences but also to the general reader with an interest in global affairs and informed citizenship

Late Ottoman Origins of Modern Islamic Thought Andrew Hammond, 2022-11-17 In this major contribution to Muslim intellectual history Andrew Hammond offers a vital reappraisal of the role of Late Ottoman Turkish scholars in shaping modern Islamic thought Focusing on a poet a sheikh and his deputy Hammond re evaluates the lives and legacies of three key figures who chose exile in Egypt as radical secular forces seized power in republican Turkey Mehmed Akif Mustafa Sabri and Zahid Kevseri Examining a period when these scholars faced the dual challenge of non conformist trends in Islam and Western science and philosophy Hammond argues that these men alongside Said Nursi who remained in Turkey were the last bearers of the Ottoman Islamic tradition Utilising both Arabic and Turkish sources he transcends disciplinary conventions that divide histories along ethnic linguistic and national lines highlighting continuities across geographies and eras Through this lens Hammond is able to observe the long neglected but lasting impact that these Late Ottoman thinkers had upon Turkish and Arab Islamist ideology
