future of her people [T]axing Greenhouse Gases Lex Fullarton,2019-03-30 Lex Fullarton takes a closer look at the three pillars of the sustainable development framework known as the Triple Bottom Line TBL The concept of the TBL is that for a project to be sustainable it must not simply be profitable in economic terms but it must also benefit society and enhance the natural environment In the 21st century the greatest threat to Earth s natural environment and the population of the planet is the rise of greenhouse gas emissions caused from burning fossil fuel as an energy source The rise of GHG emissions has resulted in a rise in the ambient air temperature of the Earth s atmosphere and is resulting in a significant change in climatic conditions on Earth Fullarton scrutinizes the problem of getting industry and governments to understand the significance of creating harmony within the TBL One of the main problems is that partisan politics tends to fragment the factors of the TBL rather than bring them together Fullarton takes a strong stand in suggesting that taxation systems which have traditionally been viewed primarily as a means of raising government finance can be effectively applied to influence industrial and consumer attitudes towards transiting away from polluting fossil fuel energy sources towards non polluting renewable energy use *Out of the Darkest Place* Peter Gladwin,Anna Thayer,2015-08-21 Many of us have fallen into a dark place Perhaps you are at a low point right now Peter Gladwin understands He meets many who have reached the point of despair and who want to hide from others from God from themselves Because of his own harsh experiences and struggles Peter finds it easy to empathize and has discovered that the message of hope he offers strikes a powerful chord Peter s ministry particularly in prisons has taken him into dark places His own traumatic early experiences and his subsequent and more recent struggles to walk the Christian path have helped him to appreciate and to explain how God s grace can change your life This book is full of vivid stories of transformation **Marketing-communicatie** Joeri Van den Bergh,2011 Studieboek op hbo wo niveau
