No Enemies No Hatred Selected Essays And Poems:

No Enemies, No Hatred Xiaobo Liu, 2012-01-16 When the Nobel Peace Prize was awarded in December 2010 its recipient Liu Xiaobo was serving an eleven year sentence in a Chinese prison for incitement to subvert state power These essays and poems not only chronicle a leading dissident's struggle against tyranny but enrich the record of universal longing for freedom and dignity

Sensible Politics William A. Callahan, 2020 Visual images are everywhere in international politics But how are we to understand them In *Sensible Politics* William A Callahan uses his expertise in theory and filmmaking to explore not only what visuals mean but also how visuals can viscerally move and connect us in affective communities of sense The book's rich analysis of visual images photographs film art and visual artifacts maps veils walls gardens cyberspace shows how critical scholarship needs to push beyond issues of identity and security to appreciate the creative politics of social ordering and world ordering Here sensible politics isn't just sensory but looks beyond icons and ideology to the affective politics of everyday life It challenges our Eurocentric understanding of international politics by exploring the meaning and impact of visuals from Asia and the Middle East *Sensible Politics* offers a unique approach to politics that allows us to not only think visually but also feel visually and creatively act visually for a multisensory appreciation of politics

[China's Modernization II](#) Gerhard Preyer, 2015-09-17 The idea of only one way leading to a modern society seems to be hardly tenable But even if we agree to this our theories and terms describing modernization are gained on our own Western history So social science has to reconsider its basic terms to describe China's modernization and maybe even the understanding of modernization itself The second of two volumes on China's modernization collects articles by leading Chinese and Western scientists focusing on the main conflicts and differences this process involves In the first section *On Contemporary Theory of Modernization* Manussos Marangudakis represents Shmuel N Eisenstadt's concept of Multiple Modernities and the Theory of Indeterminacy one of the best elaborated perspectives on modernity *Changing China Dealing with Diversity* the second section examines how China copes with dissent and discusses the significance of law and a civil society Merle Goldman begins with *Dissent of China's Public Intellectuals in the Post Mao Era* The *Modernization of Law in China its Meaning Achievements Obstacles and Prospect* is the subject of Qingbo Zhang Scott Wilson presents a Gramscian analysis of civil society in China's *State in the Trenches* And Francis Schortgen and Shalendra Sharma study how China is *Manufacturing Dissent Domestic and International Ramifications of China's Summer of Labor Unrest* Neoliberalism and the Changes in East Asian Welfare and Education is the focus of the third section Beatriz Carrillo Garcia investigates the *Business Opportunities and Philanthropic Initiatives in China* Time Politics and Homelessness in Contemporary Japan is the subject of Ritu Vij Different school books show the Educational Modernisation Across the Taiwan Straits by David C Schak And Ho fung Hung discusses the role of China in globalization following the question *Is China Saving Global Capitalism from the Global Crisis* The additional rubric *On Contemporary Philosophy* involves three articles about International Development Paradox and Phronesis by Robert

The Lost Chance in China and the Rise of Cold War Populism Stephen J. Hartnett,2025-10-01 The Lost Chance in China and the Rise of Cold War Populism offers a rollicking retelling of the fate of America s diplomats stationed in China during World War II and the start of the Chinese Civil War documenting how their efforts to find peace in China clashed with the anti Communist network of right wing advocates known as the China Lobby Fueled by America s end of the war fury over the loss of China to Mao and the Communists the on the ground experts in Asia lost the public relations battle to Cold War populists who pushed a toxic version of public anger that built the rhetorical foundation of McCarthyism Hartnett diagnoses the moment s political battles by mapping a series of interlocking dispositions emotion based reactions that short circuited critical thinking and empathy instead feeding strident anti Communism xenophobia and class based resentments Hartnett s masterwork offers a haunting prehistory to our contemporary moment when populism again stokes outrage and fear at the cost of nuanced international understanding

The Intellectual in Modern Chinese History Timothy Cheek,2016-01-05 This vivid narrative history of Chinese intellectuals and public life provides a guide to making sense of China today Timothy Cheek presents a map and a method for understanding the intellectual in the long twentieth century from China s defeat in the Sino Japanese war in 1895 to the Prosperous China since the 2008 Beijing Olympics Cheek surveys the changing terrain of intellectual life over this transformative century in Chinese history to enable readers to understand a particular figure idea or debate The map provides coordinates to track different times different social worlds and key concepts The historical method focuses on context and communities during six periods to make sense of ideas institutions and individual thinkers across the century Together they provide a memorable account of the scenes and protagonists and arguments and ideas of intellectuals and public life in modern China

The Invisible Source of Authority David Walsh,2025-07-15 The Invisible Source of Authority is a philosophical meditation on the secular age and challenges the notion that the secular can be understood without reference to God How does one reject God while denying belief This is the central paradox of our secular age where efforts to erase God only affirm his presence In The Invisible Source of Authority David Walsh examines this paradox and argues that a secular world actually reveals God more clearly rather than bringing about what has been called the death of God Unlike many critics of modernity Walsh argues that secularism is not inhospitable to authentic religious faith and cannot be understood without reference to God Drawing on the writings of early modern thinkers like Montaigne Descartes and Grotius Walsh asserts that God s absence from the secular world is testimony to God s transcendence Because the secular is always that which has withdrawn from serving God Walsh suggests that this presupposition proves that God remains indispensable to the self understanding of secular society The Invisible Source of Authority seeks to remind us that despite his seeming absence the transcendent God remains an essential presence
