No Humans Involved Women Of The Otherworld:

No Humans Involved Kelley Armstrong, 2010-02-23 Readers around the world have fallen for Kelley Armstrong's intoxicating sensual and wicked tales of the paranormal in which demons and witches werewolves and vampires collide often hilariously sometimes violently with everyday life In Armstrong's first six novels Elena Paige and Eve have had their way with us Now get ready for Jaime Vegas the luscious lovelorn and haunted necromancer Jaime who knows a thing or two about showbiz is on a television shoot in Los Angeles when weird things start to happen As a woman whose special talent is raising the dead her threshold for weirdness is pretty high she's used to not only seeing dead people but hearing them speak to her in very emphatic terms But for the first time in her life as invisible hands brush her skin unintelligible fragments of words are whispered into her ears and beings move just at the corner of her eye she knows what humans mean when they talk about being haunted She is determined to get to the bottom of these manifestations but as she sets out to solve the mystery she has no idea how scary her investigation will get or to what depths ordinary humans will sink in their attempts to gain supernatural powers As she digs into the dark underside of Los Angeles she'll need as much Otherworld help as she can get in order to survive calling on her personal angel Eve and Hope the well meaning chaos demon Jeremy the alpha werewolf is also by her side offering protection And Jaime hopes maybe a little more than that As I knelt on the cobblestones to begin the ritual I opened not some ancient leather pouch but a Gucci make up bag I know little about the geography and theology of the afterlife but I do know that the worst spirits are kept secured and my risk of accidentally tapping into a hell dimension is next to nil Even if I do bring back some depraved killer's spirit what can it do to me When you deprive someone of the ability to act in the living world he's pretty darned helpless In death even the worst killer plummets from lethal to merely annoying Yet whatever had been trying to contact me apparently could cross that barrier could act in the living world at least on me I added an extra helping of vervain to the censer from **No Humans Involved**
