No Logo 10th Anniversary Edition With A New Introduction By The Author:

You and Your Profile Hans-Georg Moeller, Paul J. D'Ambrosio, 2021-05-25 More and more we present ourselves and encounter others through profiles A profile shows us not as we are seen directly but how we are perceived by a broader public As we observe how others observe us we calibrate our self presentation accordingly Profile based identity is evident everywhere from pop culture to politics marketing to morality But all too often critics simply denounce this alleged superficiality in defense of some supposedly pure ideal of authentic or sincere expression This book argues that the profile marks an epochal shift in our concept of identity and demonstrates why that matters You and Your Profile blends social theory philosophy and cultural critique to unfold an exploration of the way we have come to experience the world Instead of polemicizing against the profile Hans Georg Moeller and Paul J D Ambrosio outline how it works how we readily apply it in our daily lives and how it shapes our values personally economically and ethically They develop a practical vocabulary of life in the digital age Informed by the Daoist tradition they suggest strategies for handling the pressure of social media by distancing oneself from one's public face A deft and wide ranging consideration of our era's identity crisis this book provides vital clues on how to stay sane in a time of proliferating profiles

The New Gay for Pay Julia Himberg, 2018-01-13 Television conveys powerful messages about sexual identities and popular shows such as Will how those practitioners operate within media conglomerates and perhaps most important how they contribute to commonsense ideas about sexuality

The Good-Enough Life Avram Alpert, 2022-04-19 How an acceptance of our limitations can lead to a more fulfilling life and a more harmonious society We live in a world oriented toward greatness one in which we feel compelled to be among the wealthiest most powerful and most famous This book explains why no one truly benefits from this competitive social order and reveals how another way of life is possible a good enough life for all Avram Alpert shows how our obsession with greatness results in stress and anxiety damage to our relationships widespread political and economic inequality and destruction of the natural world He describes how to move beyond greatness to create a society in which everyone flourishes By competing less with each other each of us can find renewed meaning and purpose have our material and emotional needs met and begin to lead more leisurely lives Alpert makes no false utopian promises however Life can never be more than good enough because there will always be accidents and tragedies beyond our control which is why we must stop dividing the world into winners and losers and ensure that there is a fair share of decency and sufficiency to go around Visionary and provocative The Good Enough Life demonstrates how we can work together to cultivate a good enough life for all instead of tearing ourselves apart in a race to the top of the social pyramid

Slow Down Kohei Saito, 2024-10-29 A well reasoned and eye opening treatise Kohei Saito makes a provocative and visionary proposal Publishers Weekly starred review A cogently structured anti capitalist approach to the climate crisis Kirkus Reviews starred review Why in our affluent society do so many people live in poverty without access to health care working multiple jobs and are nevertheless unable to make ends meet

with no future prospects while the planet is burning In his international bestseller *K hei Sait* argues that while unfettered capitalism is often blamed for inequality and climate change subsequent calls for sustainable growth and a Green New Deal are a dangerous compromise Capitalism creates artificial scarcity by pursuing profit based on the value of products rather than their usefulness and by putting perpetual growth above all else It is therefore impossible to reverse climate change in a capitalist society more the system that caused the problem in the first place cannot be an integral part of the solution Instead Sait advocates for degrowth and deceleration which he conceives as the slowing of economic activity through the democratic reform of labor and production In practical terms he argues for the end of mass production and mass consumption decarbonization through shorter working hours the prioritization of essential labor over corporate profits By returning to a system of social ownership he argues we can restore abundance and focus on those activities that are essential for human life effectively reversing climate change and saving the planet

Attuned Leadership Reuel Khoza, 2012-10-01 Leaders are not just born to the role They are born then made and sometimes unmade by their own actions A leader who is not attuned to his or her followers soon becomes a leader in limbo and invariably then fails Connectedness compassion empathy integrity humility reasonableness and a determination to be effective are the keys to attuned leadership An attuned leader can step boldly into an uncertain future with the certainty that followers will lend their support In this richly reflective discussion of leadership and transformation the author provides a guide to what constitutes ethical leadership in local and global contexts for business politics and government In a world where tyrants abound in corporations and in states *Attuned Leadership* provides a compass for the direction of ethical leadership Central to this perspective is that the philosophical traditions of Africa offer an important contribution to the theory and practice of leadership in the world today African humanism or Ubuntu evokes both reason and empathy as the basis for ethical leadership Ubuntu articulated in the Zulu proverb *Umuntu Ngumuntu Ngabantu* means that a person is a person because of other people The author contends that the reciprocal relationship between the individual and the social collective stimulates caring and progressive thought and action Nowhere is this more apt than in the relationship between leader and followers

Human Capital and Innovation Sumit Kundu, Surender Munjal, 2016-11-15 The second title in the Palgrave Studies in Global Human Capital Management series this book explores how human capital contributes to innovation within the context of an inter connected and globalized world Investigating globalization as a phenomenon reflected within increasing cross border flows of goods services know how and talent *Human Capital and Innovation Examining the Role of Globalization* illustrates various facets of innovation at individual team and organizational level It highlights the influence of new economic realities such as technological advances and the rise of emerging economies on human capital and innovation

Cool Characters Lee Konstantinou, 2016-03-07 Lee Konstantinou examines irony in American literary and political life showing how it migrated from the countercultural margins of the 1950s to the 1980s mainstream Along the way irony was absorbed into postmodern theory and ultimately became a

target of recent writers who have moved beyond its limitations with a practice of postirony Il tuo profilo e te Hans-Georg Moeller, Paul J. D'Ambrosio, 2022-06-27T00:00:00+02:00 Sempre pi spesso ci presentiamo e incontriamo gli altri attraverso i profili Un profilo ci mostra non come siamo visti direttamente ma come siamo percepiti da un pubblico pi ampio L identit basata sul profilo ormai palese ovunque dalla cultura pop alla politica dal marketing alla moralit Ma troppo spesso i critici si limitano a denunciare questa presunta superficialit in difesa di un supposto ideale di espressione autentica o sincera Questo libro sostiene che il profilo segna un cambiamento epocale nel nostro concetto di identit e dimostra perch questo importante Invece di polemizzare contro il profilo gli autori delineano come funziona come lo applichiamo senza difficolt nella nostra vita quotidiana e come plasma i nostri valori a livello personale economico ed etico Proponendo un punto di osservazione profondo e innovativo sull impatto che i nuovi social media hanno sulla presentazione del s questo libro introduce anche una riflessione su come salvaguardare la propria identit in un epoca di profilazione proliferante *Words of the Prophets*

Jonathan Gross, 2023-05-25 *Words of the Prophets* treats graffiti as a form of political prophecy Whether we consider austerity in Thessaloniki Camorra infiltration in Naples the fall of Communism in Gdansk or the rise of gang warfare in Chicago graffiti is a form of democratic self expression that dates back to Periclean Athens and the Book of Daniel *Words of the Prophets* offers close readings of 400 original photographs taken between 2014 and 2021 in Philadelphia Venice Milan Florence Syracuse and Warsaw alongside literary works by Pawel Huelle films by Andrezej Wajda Antonio Capua and music videos by Natasha Bedingfield and Beyonc A third of the book is dedicated to interviews with Krik Kong Iwona Zajac Ponchee 193 Jay Pop Ser Simoni Fontana and Mattia Campo Dall Orto **Common Sense on Mutual Funds, Updated 10th Anniversary Edition**
