Preaching An Essential Guide Abingdon Essential Guides:

Preaching Ronald Allen, 2002 Preaching it sounds like such a easy thing to do All you have to do is step into the pulpit and talk for 20 minutes right Anyone who s ever stepped into that pulpit knows that preaching is anything but easy Speaking a word from God that is grounded in the biblical witness theologically responsible and true to contemporary experience is one of the most difficult things one can do Advice on how to do this is as old as preaching itself and there are as many opinions on preaching as there are preachers Where do those who have been called to the ministry of proclamation begin What are the basic understandings and practices that anyone who proposes to preach should know In this new addition to the Essential Guides series Ronald Allen seeks to answer these basic questions about preaching He does so through the use of an inductive method which is simply to say that he starts with a sermon itself and uses that sermon to illustrate the process of moving from the first thoughts about what one will preach to the delivery of an actual sermon itself Each chapter will raise a question about the sample sermon that leads into a broader discussion of the practical and theoretical issues that this particular aspect of the sermon raises e g What is the good news in this sermon What is the significance of this news for the congregation Does the preacher offer a clear and sensible interpretation of the biblical text or the topic Written with the needs of students in both traditional M Div classes and non degree ministry training programs in mind *Preaching An Essential Guide* will be an indispensable companion for all the others who seek to rightly explain the word of truth Ronald J Allen is Professor of Homiletics at Christian Theological Seminary Indianapolis Indiana

Preaching and the Other

Ronald J. Allen, 2008-11-01 *Preaching and the Other* introduces the reader to six major themes characteristic of the postmodern era that are important for preaching and explains their implications Themes discussed include perception as interpretation deconstruction otherness transgression pluralism and the importance of apologetics *I Will Tell You the Mystery* Ronald J. Allen, 2019-08-08 The book is a commentary on preaching from the book of Revelation Working through the book of Revelation verse by verse the commentary seeks to help the preacher recognize what the book with its apocalyptic theology invited people in antiquity to believe and do The book of Revelation communicates through a series of word pictures Allen explains each word picture in light of its ancient setting The commentary brings the viewpoint of the book of Revelation into conversation through mutual critical correlation with contemporary theology especially process thought The work aims to help the preacher to help the congregation identify what they can genuinely believe and confidently do Believing that the best preaching arises from the local context the volume does not include full sermons but rather seeks to raise issues and questions that might be thought provoking

Campbell, 2006-09-01 The post liberal cultural linguistic theology of the Yale School has been one of the most important theological developments in the United States during the latter twentieth century In this unique book which combines theological analysis and homiletical reflection Charles Campbell examines post liberal theology as it is embodied in the work of Hans Frei and develops the implications of this theological position for the theory and practice of preaching Arguing that the trouble with homiletics today is fundamentally theological Campbell offers Frei s theological position as a means for enriching the Christian pulpit and renewing the church *Church History* Justo L. González, 1996 One of the chief difficulties in studying the history of Christianity is the lack of prior exposure to the subject that students often bring with them Struggling to keep up with the large numbers of names dates and places presented to them it is easy for students to lose sight of the big picture the broad sweep of movement and change that instructors most wish to communicate Justo Gonzalez has written this book to help students gain just such a quick and basic grasp of the main periods and issues in the history of Christianity Drawing upon his own extensive experience and that of others he contends that having been introduced to the essentials of church history in a brief and accessible form students are far better able to understand and appreciate what they encounter in more detailed lectures and reading Gonzalez provides a comprehensive opening chapter that summarizes major issues and concerns of each of the principal eras of church history Subsequent chapters focus on the ancient church the Christian empire the Middle Ages the Reformation the seventeenth through nineteenth centuries and the twentieth century and the end of modernity **Effective Preaching** Rev. McKenzie,2010-01-01 In this lively and accessible book Alyce McKenzie explores how fiction writers approach the task of writing novels how they develop their ideas where they find their inspiration and how they turn the spark of a creative notion into words on paper that will captivate the masses McKenzie s study shows how preachers can use the same techniques to enhance their own creativity and to turn their ideas into powerful well crafted sermons Novel Preaching offers a wealth of advice from successful fiction writers including Isabelle Allende Frederick Buechner Julia Cameron Annie Dillard Natalie Goldberg Stephen King Toni Morrison Joyce Carol Oates and Melanie Rae Thorn and also includes a number of sample sermons from McKenzie herself
