Dem Dry Bones Luke A. Powery, 2012-12-01 In an age when the so called prosperity gospel holds sway in many Christian communities or the good news of Christ is reduced to feel good bromides it would seem that death has little place in contemporary preaching Embracing the vision of the valley of dry bones in Ezekiel 37 as a metaphor for preaching in the Spirit acclaimed homiletician Luke Powery asserts that death is the context for all preaching In fact the Spirit leads preachers to the context of death each Sunday in order to proclaim a word of life that ultimately breathes hope into people's lives Yet many preachers avoid death because they are at a loss of what to say about it and do not realize its vital connection to the substance of Christian hope As a result the church is too often left with sermons that are fundamentally devoid of hope *Dem Dry Bones* aims to remedy some

of the theological and homiletical shortcomings in contemporary preaching by looking closely at the African American spirituals tradition Through this study Powery demonstrates how to preach in the Spirit so that proclaiming death becomes an avenue toward hope In short no death no hope **Preaching to Korean Immigrants** Rebecca Seungyoun

Jeong,2022-09-14 In terms of practical theology s critical reflection on marginalized people s wounds in a wider society this book investigates the question How to proclaim the good news in response to first generation Korean immigrants contextual suffering in the United States To answer the question the book starts with investigating Korean immigrant hearers contextual predicaments in a new land to point out emerging practical theological issues in relation to the practice of preaching In this book the primary subjects are first generation Korean immigrants especially those who have relatively low socio economic status and struggle with the purpose of their lives as immigrants particularly those whose material dreams have been shattered In order to proclaim the good news this book proposes a more appropriate immigrant theology for in the practice of preaching by reclaiming the priorities of God s future in our lives and confirming God s active identification with Korean immigrant congregations in the depths of their predicament Such reconstructive work for immigrant theology arises in response to their existential hardships marginality ethnic discrimination and relative powerlessness in life While acknowledging both the possibilities and limits of the diverse forms of current Korean immigrant preaching the book then offers a strategic proposal for a new homiletic theory namely a psalmic theological homiletic This proposed homiletic is deeply rooted in the theology of the Psalms and their rhetorical movement This re envisioned mode of eschatological and prophetic preaching in times of difficulty recovers ancient Israel s psalmic rhetorical tradition that aims toward faith Its theological rhetorical strategy intends to both transform hearers habitus of living in faith and enhance their hope filled life through communal anticipation of God s coming future on the margins Specifically this proposed homiletic critically adopts key features from psalms of lament and their typical fourfold theological rhetorical movement i e lament retelling a story confessional doxology and obedient vow as now core elements of a revised Korean immigrant preaching practice

Preaching is Believing Ronald J. Allen,2002-01-01 In *Preaching Is Believing* Allen calls for preachers to help congregations cultivate a systematic approach to Christian faith and life by bringing systematic theology directly into the pulpit *The Abingdon African American Preaching Library* Kirk Byron Jones,2010-10-01 God s people need to hear a word from the Lord to know their God is with them and to transcend this world and be taken to the very feet of Jesus The preacher is charged with assisting in this mission While there may be different theological perspectives and different methods of sermon preparation and delivery one thing remains constant the need for quality preaching resources Drawing upon the rich and powerful tradition of the black church The Abingdon African American Preaching Library offers a wealth of thoughtful biblically grounded preaching aids including special days in the Black Church tradition To read the Introduction to the book [click here](#) **Preaching and the Other** Ronald J.
