Prejudice A Story Collection:

Depiction of Social Discrimination in R K Narayan's Malgudi Days stories Collection Dr. Jaydip D Pandya, 2023-05-04 The book explores the theme of social discrimination as depicted in R K Narayan's famous collection of short stories Malgudi Days. The author examines how Narayan portrays various forms of discrimination such as caste, gender, and class in his stories set in the fictional town of Malgudi. The book delves into the social and cultural context of Narayan's writing and analyzes how his characters navigate the complex social hierarchies and prejudices prevalent in Indian society. It also explores how Narayan's writing reflects his own experiences growing up in a small South Indian town during the colonial era. *IN SEARCH OF LOST TIME - Complete 7 Book Collection (Modern Classics Series)* Marcel Proust, 2016-12-26 This carefully crafted ebook *IN SEARCH OF LOST TIME Complete 7 Book Collection Modern Classics Series* is formatted for your eReader with a functional and detailed table of contents. *In Search of Lost Time* is a series of seven highly acclaimed novels which inspired modern writers with its artistic craft and philosophical insight regarding memory and time. It is often suggested that perhaps Joyce's *Ulysses* was in some way inspired by this French tour de force. These bestselling novels recount the experiences of an unnamed narrator while he is growing up, learning about art, participating in society, and falling in love. *Swann's Way*: The young protagonist dreads waking up at night and not having his mother's good night kiss. *Within a Budding Grove* beautifully examines the complex adolescent relationships. *The Guermantes Way*: The adult protagonist steps into the dazzling Parisian society of 19th century along with his obsession for Mme de Guermantes. *Cities of Plain*: No matter how hard he tries to ignore or stay indifferent to closeted homosexual relationships around him, these and his own sexual desires become intricate part of his memories. *The Captive* dwells into the nature of relationships when couples fall out of love and yet don't have courage to break free. *The Sweet Cheat Gone*: People who leave rarely come back. *Time Regained*: After the WW1, he goes back to Paris to meet the people he once knew again, but time has never stopped for anyone. Marcel Proust (1871-1922) was an inspirational French novelist, critic, and essayist who is now considered as one of the most influential authors of the 20th century. His aesthetic craft and deep philosophical insight inspired numerous modern writers. *World's Greatest Horror Stories: Collection of 42 Best Horror Novels of All Time* H. P. Meyer, 2023-11-27 Even though universities and colleges make a concerted effort to foster unity and worldwide acceptance of different ethnicities by including politically correct literature in their curriculums their attempts to protect students from being exposed to texts that portray discrimination and exhibit racial insensitivity are futile and ill advised Texts that contain biases based on otherness continue to be written and those produced in the past remain relevant and still demand the attention of an audience of reader In order to see the full picture of the world in which they live students must face even that which is uncomfortable and disturbing To think otherwise is to create an academic environment that is totally idealistic and distorts the fact that ethnic discrimination has been a potent reality in every society in history and remains so today These studies in this volume allow readers to meet writers from the traditional American and European canon while also being exposed to third world writers whose work may be unfamiliar They include memoirs of Holocaust survivors and even record the silencing of Italian women Apartheid in South Africa and tribal conflict in Nigeria as well as transplanted Asian culture in Canada and the idolization of the black body in Japan The collection permits a viewing of the ethnic other not merely in a politically correct way in which one samples the differences and nods approvingly Rather its intent is to offer opportunities for contemplative assessment of authorial motives and goals thereby engendering a wealth of understanding based on active engagement rather than passive acceptance of the status quo
