Seth Our Journey Through Addiction Heartbreak And Hope:

Seth Karin Murphy,2015-12-02 Most parents and young people who hear our story may be interested may be intrigued and even sympathize with what we have gone through Some may deeply empathize because they have shared similar pain and tragedy But what we really notice as we tell our story to parents and youth is a cautious perhaps courteous but sometimes blunt refusal to accept the responsibility of this truth kids yes even your kids may indeed be into drugs you simply may not know it Unless and until parents become actively engaged in their kids lives the problems of addiction may never be confronted because like the ostrich the parents willingly place their heads in the sand and fail to observe and listen to people like us Failing especially to observe the actions and listen to the words of their children My kids would never do drugs Really A comment like that may become the key to a lifetime of struggle and tragedy and ultimately death Fortunately and through God s grace there is hope And we know that hope when it is anchored in the reality of fact and faith does not disappoint Hope in the midst of tragedy is what has motivated me to write this book to help educate parents and kids so that tragedy in others lives may indeed be prevented The first step toward preparation is knowledge My husband and I will share our knowledge with you and we hope you stay with the book and gain the knowledge that will lead to your active involvement in your kids lives We hope because you face the truth and become involved that you are spared the kind of personal tragedy that we experienced The truth will set you free only if you know it and vow to become wholly engaged in the lives of your kids Observe them and listen to their words It could change your life and the lives of your kids forever

Speaking Words of Wisdom Michael McGowan,2024-06-25 More popular than Jesus Despite the uproar it caused in America in 1966 John Lennon s famous assessment of the Beatles vis vis religion was not far off The Beatles did mean more to kids than the religions in which they were raised not only in America but everywhere in the world By all accounts the Beatles were the most significant musical group of the twentieth century Their albums sold in the hundreds of millions and the press was always eager to document their activities and perspectives And when fan appreciation morphed into worship Beatlemania took on religious significance Many young people around the world began to look to the Beatles their music their commentary their art for meaning in a turbulent decade Speaking Words of Wisdom is a deep dive into the Beatles relationship to religion through the lenses of philosophy cultural studies music history and religious studies Chapters explore topics such as religious life in Liverpool faith among individual band members why and how India entered the Beatles story fan worship deification and the Beatles long lasting legacy In the 1960s the Beatles facilitated a reevaluation of our deepest values The story of how the Beatles became modern day sages is an important case study for the ways in which consumers make culturally and religiously significant meaning from music people and events In addition to the editor the contributors to this book include David Bedford Kenneth Campbell John Covach Melissa Davis Anthony DeCurtis Mark Duffett Scott Freer Murray Leeder Sean MacLeod Grant Maxwell Christiane Meiser and Eyal Regev
