Settlers In Contested Lands Territorial Disputes And Ethnic Conflicts:

Settlers in Contested Lands Oded Haklai, Neophytos Loizides, 2015-10-14 Settlers feature in many protracted territorial disputes and ethnic conflicts around the world Explaining the dynamics of the politics of settlers in contested territories in several contemporary cases this book illuminates how settler related conflicts emerge evolve and are significantly more difficult to resolve than other disputes Written by country experts chapters consider Israel and the West Bank Arab settlers in Kirkuk Moroccan settlers in Western Sahara settlers from Fascist Italy in North Africa Turkish settlers in Cyprus Indonesian settlers in East Timor and Sinhalese settlers in Sri Lanka Addressing four common topics right sizing the state mobilization and violence the framing process and legal principles versus pragmatism the cases taken together raise interrelated questions about the role of settlers in conflicts in contested territory Then looking beyond the similar characteristics these cases also illuminate key differences in levels of settler mobilization and the impact these differences can have on peace processes to help explain different outcomes of settler related conflicts Finally cases investigate the causes of settler mobilization and identify relevant conflict resolution mechanisms Territorial Disputes and State Sovereignty Jorge E. Núñez, 2020-05-11 Adopting a multi disciplinary approach this book opens new ground for research on territorial disputes Many sovereignty conflicts remain unresolved around the world Current solutions in law political science and international relations generally prove problematic to at least one of the agents part of these differences Arguing that disputes are complex multi layered and multi faceted this book brings together a global inter disciplinary view of territorial disputes The book reviews the key conceptual elements central to legal and political sciences with regards to territorial disputes state sovereignty and self determination Looking at some of the current long standing disputes worldwide it compares and contrasts the many issues at stake and the potential remedies currently available in order to assess why some territorial disputes remain unresolved Finally it offers a set of guidelines for dispute settlement and conflict resolution that current remedies fail to provide It will appeal to students and scholars working in international relations legal theory and jurisprudence public international law and political sciences *Territorial Disputes in the Americas* Jorge Emilio Núñez, 2025-08-20 Territorial disputes are intricate shaped by historical legal geopolitical social cultural and other factors This book uses a multidimensional approach to assess real case scenarios across the Americas individually and collectively The work evaluates a selected sample of these disputes tracing origins to colonial histories unclear border demarcations or uncharted lands and challenges enforcing legal boundaries It then explores critical thematic areas illustrated with compelling examples disputes entangled with non American agents like European nations colonialism neo colonial interference and pervasive colonial mindsets ongoing regional differences between neighboring states and the intricate sometimes conflicting roles of indigenous communities and implanted populations asserting self determination often diverging from states interests The work reveals sovereignty and disputes intertwine encompassing plural agents roles

contexts realms and modes of existence beyond traditional views Cases like the Falkland Malvinas Islands Mexico US border Amazon region and Antarctica highlight how regional organizations and alliances could enhance peacebuilding strengthen American states against external powers and challenge traditional unidimensional scholarly approaches with a nuanced comprehensive perspective The book will appeal to researchers academics and policymakers in the areas of Public International Law Political Science and International Relations Legal Philosophy Political Philosophy and Jurisprudence

Cosmopolitanism, State Sovereignty and International Law and Politics Jorge E. Núñez, 2023-08-25 This book assesses the relationship between cosmopolitanism and sovereignty Often considered to be incompatible it is argued here that the two concepts are in many ways interrelated and to some extent rely on one another By introducing a novel theory the work presents a detailed philosophical analysis to illustrate how these notions might theoretically and practically work together This theoretical inquiry is balanced with detailed empirical discussion highlighting how the concepts are related in practice and to expose the weaknesses of stricter interpretations of sovereignty which present it as exclusionary Finally the book looks at territorial disputes to explore how sovereignty and cosmopolitanism can successfully operate together to deal with global issues The work will be of interest to academics and researchers in the areas of Legal Philosophy Legal Theory and Jurisprudence Public International Law International Relations and Political Science , **Nomads and**

Nation-Building in the Western Sahara Konstantina Isidoros, 2018-03-30 Fabled for more than three thousand years as fierce warrior nomads and cameleers dominating the western Trans Saharan caravan trade today the Sahrawi are admired as soldier statesmen and refugee diplomats This is a proud nomadic people uniquely championing human rights and international law for self determination of their ancient heartlands the western Sahara Desert in North Africa Konstantina Isidoros provides a rich ethnographic portrait of this unique desert society s life in one of Earth s most extreme ecosystems Her extensive anthropological research conducted over nine years illuminates an Arab Berber Muslim society in which men wear full face veils and are matrifocused toward women who are the property holders of tent households forming powerful matrilineal coalitions Isidoros offers new analytical insights on gender relations strategic tribe to state symbiosis and the tactical formation of tent cities The book sheds light on the indigenous principles of social organisation the centrality of women male veiling and milk kinship bringing positive feminist perspectives on how the Sahrawi have innovatively reconfigured their tribal nomadic pastoral society into globalising citizen nomads constructing their nascent nation state This is essential reading for those interested in anthropology politics war and nationalism gender relations postcolonialism international development humanitarian regimes refugee studies and the experience of nomadic communities

Post-Colonial Settlement Strategy Ehud Eiran, 2019-02-20 Settlement projects are sustained clusters of policies that allow states to strategically plan implement and support the permanent transfer of nationals into a territory not under their sovereignty Ehud Eiran explains why states launch settlement projects into occupied areas and introduces the international

environment as an important enabling variable By drawing comparisons between three such major projects Israel in the West Bank and Gaza Morocco in Western Sahara and Indonesia in East Timor Ehud Eiran classifies post colonial settlement projects as a distinct cluster of cases that warrant a different analytical approach to traditional colonial studies **Israeli Settlements** Martin Blecher,2018-10-15 Most research and analyses of Israel s settlement enterprise has focused on the usage of particular paragraphs in the Geneva Convention For over 50 years Israel has refuted the usage of the Geneva Convention with regards to its settlements Doing so the more relevant question arises on what laws governance and regulations is of importance in understanding Israelis behavior If one accepts the premise that Israel is occupying some areas and as an occupying force is forbidden to change laws from previous sovereign it becomes relevant as to what the laws are and how are they being followed The aim with this book is to go deeper to understand the rationale behind Israeli land policies This book is not necessarily a full rejection of the arguments that have been advocated by different scholars that seek to brand Israel s settlement enterprise as illegal nor is it to be understood as a full acceptance of those arguments at hand Rather I want this book to show nuances in an infective question The idea is to give the reader an insight into the arguments made by Israel and its judiciary which has not been properly addressed nor researched about through earlier scholars By including stories about personalities such as Rabbi Menachem Froman Shabtay Bendet this book aims to fulfill its purpose of not politicizing the Israeli settlement enterprise through one particular understanding *Colonial Bureaucracy and Contemporary Citizenship* Yael Berda,2022-11-17 Colonial Bureaucracy and Contemporary Citizenship examines how the legacies of colonial bureaucracy continue to shape political life after empire Focusing on the former British colonies of India Cyprus and Israel Palestine the book explores how post colonial states use their inherited administrative legacies to classify and distinguish between loyal and suspicious subjects and manage the movement of populations thus shaping the practical meaning of citizenship and belonging within their new boundaries The book offers a novel institutional theory of hybrid bureaucracy to explain how racialized bureaucratic practices were used by powerful administrators in state organizations to shape the making of political identity and belonging in the new states Combining sociology and anthropology of the state with the study of institutions this book offers new knowledge to overturn conventional understandings of bureaucracy demonstrating that routine bureaucratic practices and persistent colonial logics continue to shape unequal political status to this day **Second-Generation Liberation Wars** Yaniv Voller,2022-02-24 An exploration of the strategies that both governments and insurgents employed in the liberation wars in Iraqi Kurdistan and South Sudan
