Severe And Complex Neurological Disability Management Of The Physical Condition 1e:

Physical Management for Neurological Conditions E-Book Maria Stokes, Emma Stack, 2011-04-19 The third edition of this popular textbook formerly *Physical Management in Neurological Rehabilitation* and now renamed *Physical Management for Neurological Conditions* maintains its scientific and research base with extensive use of references and case studies. It is the only book for physiotherapists that offers a comprehensive overview of the basic principles of neurological rehabilitation specific neurological neuromuscular conditions and the related physiotherapy treatment approaches used. Important areas which feature throughout are discussed in relation to the different neurological conditions and include a non prescriptive multidisciplinary problem solving approach to patient management involvement of the patient and carer in goal setting and decision making client centred practice use of outcome measures to evaluate the effects of treatment in everyday practice use of case studies to illustrate clinical practice scientific evidence of treatment effectiveness. Additional specialist editor Dr Emma Stack Refined content but with the inclusion of 4 brand new chapters an introductory chapter on rehabilitation in practice one on respiratory management and two covering self management and falls under the section entitled Skill Acquisition and Learning 11 new expert contributors join the reduced contributor team of 31.

Acupuncture in Neurological Conditions Val Hopwood, Clare Donnellan, 2010-07-23 Written by two leading experts in the field *Acupuncture in Neurological Conditions* aims to improve patient care by combining Western and Traditional Chinese Medicine TCM concepts of treatment. The language of TCM is uniquely combined with that of evidence based clinical reasoning to provide an approach relevant to both acupuncture and physiotherapy clinical practice. All major types of neurological conditions encountered in clinical practice are examined. Chinese medical patterns relevant to the application of acupuncture are described as well as key patterns of dysfunction based on a Western medical perspective. The place of acupuncture within the overall management of different neurological conditions is also discussed. Clinical reasoning options from both TCM and Western medical perspectives are provided and illustrated by real cases from clinical practice forming a sound platform for true integrated medicine. Fully evidence based. Provides clinical reasoning options from TCM and Western medical perspectives. Illustrates clinical reasoning with real cases from clinical practice. Provides detailed examination of all major types of neurological conditions encountered in clinical practice.
