Sex Positions Laura Lalli, 2015-10-25 You're about to learn how to SUPERCHARGE your sex life. This book contains proven steps and strategies on how to make sexy time in the bedroom the best and most explosive for any woman. To women out there, here are some food for thought: Have nights been unfruitful for you lately? Or has sex life never been truly satisfying at all? Are you stuck with the dull and boring missionary position and don't know what other position to try out to sleep with a smile in your face once sex is done? Whoever is reading this book, whether you be a man or a woman, you must admit that it is mostly the men who get the most out of any sexual exercise. In fact, men more often than women orgasm. Yes, making women orgasm can be tricky, but in a considerable number of cases, women do not get as much pleasure because their partners did not make enough effort to bring them to completion. And that is both sad and unfair. For women reading this, it is time to know that you can take control in the lovemaking process and make sure that you groan and moan your way into ecstasy. The time of simply accepting that pleasure is a hit and miss will finally pass you by. With this book, you will realize that you can take an active role in making sex worth your while. Read this and suggest to your partner to try these amazing sex positions out with you. As for men who have their hands on this book, you no longer have an excuse on failing to bring that dazzled look to her face every night. After reading this book, surprise your woman during your bedroom time by trying out one of the mind-blowing sex positions illustrated in here and revel in her delight and happiness at a night well spent. Here is a preview of what you'll learn: The amazing Butterfly Position, The irresistible Scissors Position, The one and only Sex Squat, Modified Missionary position, so hot. Much, much more.
