Nicene Christianity The Future For A New Ecumenism:

Nicene Christianity Christopher R. Seitz, 2002-05-01 Explores the Nicene Creed both in light of what the Creed was about in its original setting and what it can contribute today **Revisioning Christian Unity** Huibert van Beek, 2009

Pentecostal Theology and Ecumenical Theology, 2019-09-16 Pentecostal Theology and Ecumenical Theology Interpretations Intersections and Inspirations brings together globally recognized and newer scholars to address the complex relationship between Pentecostalism and the Ecumenical Movement Historical essays address topics such as early Pentecostal responses to and participation in ecumenism explicit convergences between Pentecostal and ecumenical initiatives and the particular contributions of Pentecostals and ecumenists outside North America and Europe Constructive theological essays address intersections between ecumenical theology and systematic loci in Pentecostal perspective in the hope that mutual exchange and criticism will lead to ways to improve both Never before have this many scholars of Pentecostalism combined their efforts in order to focus on the relationship between Pentecostal theology and ecumenical theology past present and future Word vernieuwd Wim van Vlastuin, 2012-07-09 Persoonlijke vernieuwing of heiligmaking be hoort tot het hart van het christelijke leven Luisterend naar de Schrift en in gesprek met diverse theologen presenteert de auteur een actueel ontwerp Vanuit de geestelijke gemeenschap met Christus wordt ingegaan op de mate van de vernieuwing de blijvende zondige aard van de gelovige de functie van de wet heiliging als positie of proces Gods Geest en de menselijke geest en de verhouding met het eschaton **Scripture: A Very Theological Proposal** Angus Paddison, 2009-10-10 To identify the biblical texts as Scripture is to make a series of specific claims about this text that it is drawn into the activity of the triune God of Israel that its ultimate destination is the worshipping church and that it has a ministry in shaping Christian thinking and acting Scripture A Very Theological Proposal advances that the resources for reading Scripture understanding its claims and acting upon them will be found by looking to the church's life and doctrines Reading Scripture with a host of theologians Paddison proposes a hermeneutic appropriate to reading Scripture both as divine address and the book of the church The book positions itself by resisting accounts in which Scripture's relationship to God and its life within the church are understood competitively as if the more we attend to one the less we are attending to the other Chapters further explore a doctrine of Scripture and the relationship of ethics doctrine and preaching to Scripture A final chapter asks can or should Scripture be read in the university The Apostles' Creed Jonathan F. Bayes, 2010-09-09 Throughout the centuries churches all over the world have confessed their faith in the words of The Apostle's Creed The Creed is a brilliant summary of the essence of biblical truth But as this book shows the Creed is not just a dry statement of abstract doctrines It is an expression of passion As they composed the Creed the earliest Christians were giving voice to their passion for the God who has made himself known in the person of Jesus Christ The Creed stands as an invitation to believers of every generation to that same passionate commitment which has marked our predecessors in the faith This book expounds the Creed phrase by phrase and

seeks at every point to apply its teaching to the life of believers in the world of today Taking the Creed as his starting point and framework Jonathan Bayes presents a wide ranging account of Christian theology His reflections on the Creed lead to some challenging and stimulating meditations on various aspects of biblical teaching Jesus in the Trinity Lincoln Harvey ,2020-01-30 Robert W Jenson 1930 2017 is America s most important theologian He thinks Jesus of Nazareth is always and for ever one of the Trinity Mary s boy and Pilate s victim is the Father s eternal Son so there has never been an unfleshed Word The God of the Gospel is much stranger than we have imagined In Jesus in the Trinity Lincoln Harvey offers a penetrating guide into Jenson s remarkable proposal Demonstrating Jenson s signature moves as well as his fundamental re working of the dogmatic tradition Harvey shows how an evangelized metaphysics can make sense of the identity of Jesus Christ With time space causation and God s act of creation utterly re imagined through the course of these pages reality will look very different in light of Jenson s startling theology **Lord Jesus Christ** Daniel Treier,2023-10-31 A study of the doctrine of Christ that is biblical and historical evangelical and ecumenical conceptually clear and contextually relevant Lord Jesus Christ expounds the doctrine of Christ by focusing upon theological interpretation of Scripture regarding Jesus s identity The book s structure traces a Christological arc from the eternal communion of the Triune God through creation covenants Incarnation passion and exaltation all the way to the consummation of redemptive history This arc identifies Jesus as the divine Lord who assumed human flesh for our salvation The book expounds and defends a classically Reformed Christology in relation to contemporary contexts and challenges engaging both philosophical and global concerns Each chapter begins with the theological interpretation of a key Scripture text before expounding key concepts of orthodox Protestant Christology Lord Jesus Christ is a unique example of writing dogmatic theology by way of theological exegesis The result is a volume that engages the numerous scholarly volumes on Christology that have appeared within the last couple of decades but provides a contemporary account of a traditional view About the Series New Studies in Dogmatics seeks to retrieve the riches of Christian doctrine for the sake of contemporary theological renewal Following in the tradition of G C Berkouwer s Studies in Dogmatics this series will provide thoughtful concise and readable treatments of major theological topics expressing the biblical creedal and confessional shape of Christian doctrine for a contemporary evangelical audience The editors and contributors share a common conviction that the way forward in constructive systematic theology lies in building upon the foundations laid in the church s historic understanding of the Word of God as professed in its creeds councils and confessions and by its most trusted teachers *Covenant, Community, and the Spirit* Robert Sherman,2015-10-13 This comprehensive textbook by a well respected Reformed theologian brings together two perennial issues in Christian theology the doctrine of the Holy Spirit and ecclesiology It demonstrates the importance of the Holy Spirit in empowering the being and mission of the church and shows how the church s identity and calling are embedded in the larger covenantal purposes of the triune God Accessibly written with pastors in training in mind the book probes the classic

rubrics of the church as the people of God the body of Christ and the temple of the Holy Spirit igniting readers ecclesiological imaginations and reclaiming a more biblical theological and pastoral vision of church *Christian Preaching* Michael Pasquarello III, 2011-06-28 Michael Pasquarello has written a must read book articulating a Trinitarian vision for preaching His compelling argument is richly informed by traditional biblical hermeneutics creedal history understood as storied attestation of the witness of Scripture and liturgical theology and practice considered as embodied performance of the Bible s divine narrative Here is a clear summons to the church to abandon all lesser homiletic aims and to prayerfully and faithfully proclaim the holy gospel to the glory of God Charles L Bartow Princeton Theological Seminary Like all of Michael Pasquarello s work his newest book not only upholds the classical Christian tradition but also breathes new vitality into it In an era in which preaching is reduced to persuasive communication Pasquarello reminds us that the Christian message has a content that originates in and gives expression to the Father Son and Holy Spirit Richard Lischer Duke Divinity School One of the refreshing things about this fine book by Michael Pasquarello is that when he thinks about the ministry of preaching he is not afraid to measure the breadth historically or plumb the depths theologically Pasquarello has written this book like a good sermon faithfully thoughtfully prayerfully and with a profound word to speak We are in his debt Thomas G Long Candler School of Theology Boldly challenging homiletical accommodation to American culture Pasquarello seeks to change the subject of preaching from method and marketing to the Triune God who is the source and goal of our speech A welcome theological vision of preaching Charles L Campbell Columbia Theological Seminary *Christian Preaching* brings together two disciplines that have sadly grown apart such that they almost developed irreconcilable differences preaching and theology Pasquarello offers a brilliant critique of theology as technique and draws on the theology and sermons of Irenaeus Augustine Luther Wesley and others convincingly demonstrating that effective pragmatic preaching requires substantive theological engagement and vice versa This book accomplishes its purpose so well that it should be used not only in preaching courses but also in basic theology courses No preacher should be let loose on a congregation without passing through Pasquarello s *Christian Preaching* D Stephen Long Marquette University Mike Pasquarello III PhD University of North Carolina Chapel Hill is Granger E and Anna A Fisher Professor of Preaching at Asbury Theological Seminary He is the author of *Sacred Rhetoric Preaching as a Theological and Pastoral Practice of the Church*
