Nine And Counting The Women Of The Senate:

Nine and Counting Barbara Boxer, Susan Collins, Dianne Feinstein, The USA Girl Scouts of, Whitney Catherine, 2001-07-24 The Women of the United States Senate have forever changed the political landscape Their backgrounds personal styles and political ideals may be as diverse as the nation they serve Yet they share a commonality that runs deeper than politics or geography they desire to give a voice to all their constituents while serving as role models for women young and old Once every month these distinguished women for an informal dinner to share their knowledge their hearts and a good meal Leaving behind partisanship and rhetoric they discuss and debate the issues both political and personal affecting their lives And following the 2000 election of four women to the Senate the table is now set for thirteen Weaving together their individual stories of triumph adversity adaptability and leadership *Nine and Counting* gives voice to these charismatic women as never before offering a rare insider's glimpse into Washington and sending the powerful message that membership in the world's most exclusive club is open to every woman in America

Rosie's Daughters Matilda Butler, Kendra Bonnett, 2007 Meet Rosie's Daughters in this collective memoir of American women born during World War II precursors of the Baby Boom generation Their stories will inform entertain and surprise you In these in depth interviews they are declaring their place in history

Women in Congress, 1917-2006 Matthew Andrew Wasniewski, 2006 Contains profiles contextual essays historical images and appendices that provide information about the 229 women who have served in Congress from 1917 through 2006

200 Notable Days Richard A. Baker, 2006 Comprised of 200 readable and informative historic vignettes reflecting all areas of Senate activities from the well known and notorious to the unusual and whimsical Prepared by Richard A Baker the Senates Historian these brief sketches each with an accompanying illustration and references for further reading provide striking insights into the colorful and momentous history of The World's Greatest Deliberative Body

Review from Goodreads Jason rated this book with 3 stars and had this to say This coffee table book on Senate History comes from none other than the U S Senate Historian Richard Baker The House of Representatives recently acquired noted historian of the Jacksonian era Robert Remini as the official House Historian He recently wrote a pretty impressive tomb on the House of Representatives The Senate already has a 4 volume history written by US Senator Robert C Byrd of West Virginia so the Senate could not reply in that manner So I think the coffee table book was the best that we could muster I think this is the first time I have actually read a coffee table book from cover to cover It is a chatty little story book filled with useful cocktail party history of the US Senate That's useful knowledge to me as I never know what to say at Washington cocktail parties Perhaps anecdotes about Thomas Hart Benton will help break the ice The most striking thing to me about the book was the number of attacks on the Capitol I had heard about all the incidents individually but it is more jolting to see them sequentially 3 bombings 2 gun attacks and then the attempt on September 11th In a way its remarkable that the Capitol complex remained so open for so long Note I use the past tense here As any of you who have

visited the capitol recently will have noted it is increasingly difficult to get in And once the Capitol Visitor Center is completed I expect it will be very much a controlled experience like the White House In any case Baker s prose is breezy and he is dutifully reverent to the institution without missing the absurdities of Senate life You also get a sense of the breakdown in lawfulness that preceded the Civil War Its not just the canning of Charles Sumner its also the Mississippi Senator pulling a gun on Missouri Senator Thomas Hart Benton in the Senate chamber Then there is the case of California Senator David Broderick an anti slavery Democrat being killed in a duel by the pro slavery Chief Justice of the California Supreme Court Apparently back in those days California was a lot more like modern Texas In any case the slide toward anarchy can definitely be found long before Fort Sumter Another interesting aside that I really never knew concerns the order of succession All of us learn in school that it is the President then the Vice President then the Speaker of the House and then President Pro Tempore of the Senate After that you get the members of the Cabinet and I was aware that as new departments were created they have been shuffled up a bit What I did not know is that Congress was not always in the order of succession at all For a long time it devolved from the President to the VP and then directly to the Secretary of State Furthermore when they first inserted Congress it was the President Pro Tempore of the Senate who was third in line over the Speaker of the House The structure we all know and love was only finalized in 1947 after some hard thinking in light of FDR s demise and the Constitutional Amendments on succession that followed Anyway this is a book for government geeks If you are one its a nice read and about as pleasant a way to introduce yourself to Senate history as I have found If not there are prettier coffee table books to be had

Gendering Legislative Behavior Tiffany Barnes,2016-07-04 Using interview evidence and archival data from Argentina the book examines why and when women collaborate in Congress

Nine women U S senators share their beliefs about several social and legislative issues and discuss their experiences as women in politics **Fighting for Common Ground** Olympia Snowe,2013-05-14 An outspoken centrist Senator Snowe stunned Washington in February 2012 when she announced she would not seek a fourth term and offered a sharp rebuke to the Senate citing the dispiriting gridlock and polarization After serving in the legislative branch at the state and federal levels for 40 years including 18 years in the U S Senate she explained that Washington wasn t solving the big problems anymore In this timely call to action she explores the roots of her belief in principled policy making and bipartisan compromise A leading moderate with a reputation for crossing the aisle Senator Snowe will propose solutions for bridging the partisan divide in Washington most notably through a citizens movement to hold elected officials accountable Senator Snowe recounts how the tragedies and triumphs of her personal story helped shape her political approach Born in Augusta Maine Senator Snowe was orphaned at nine and raised by an aunt and uncle When she was twenty six her husband a Maine state representative was killed in an auto accident Already dedicated to public service she ran for and won her husband s seat The book will include anecdotes from throughout her career and address her working relationships with Presidents Reagan through Obama Senator Ted Kennedy Majority Leader Bob Dole and many others As a senior member of the powerful Senate Finance Committee the high profile Commerce and Intelligence Committees and the Senate Small Business Committee Senator Snowe has been directly involved with the most talked about legislative challenges of recent decades the country s response to 9 11 the 2008 financial crisis the Affordable Healthcare Act the debt ceiling debacle and much more Her new book will draw on the lessons she s learned as a policymaker and the frustration she shares with the American

people about the government's dwindling productivity Senator Snowe passionately argues that the government has now lost its way shows how this happened and proposes ways for the world's greatest deliberative body to once again fulfill its mission **Don't Let the Fire Go Out!** Jean Carnahan, 2004
