Selected Spiritual Writings Cardinal Nicholas (of Cusa),1997 The present selection of the spiritual writings of Nicholas of Cusa in English translation will certainly contribute to the enhancement of the already considerable reputation he has as one of the most original thinkers of the fifteenth century and also to the diffusion of his name **Nicholas of Cusa - A Companion to his Life and his Times** Morimichi Watanabe,Edited by Gerald Christianson,2016-05-06 This work is a guide to the life thought and activities of Nicholas of Cusa 1401 1464 the great fifteenth century philosopher theologian jurist author of mystical and ecclesiastical treatises cardinal and reformer It is intended not only for advanced scholars but also for beginners and those simply curious about a man who has been called one of the greatest Germans of the fifteenth century and a medieval thinker for the modern age The book provides a series of detailed but readable essays on ideas persons and places a work developed over the course of nearly three decades First it contains articles on the important events and concepts that affected Cusanus philosophical religious intellectual and political Then it turns to his precursors and contemporaries both friendly and critical These include philosophers theologians politicians and canon lawyers And third the book follows the footsteps of the man from Kues and examines various sites where he lived studied or visited Because the author has also visited many of these sites he can contribute personal observations to enliven the journey To add to the book's usefulness as a resource and reference tool each entry is followed by a bibliography containing both recent and older works The purpose of the volume is to gain a greater appreciation of Cusanus and his legacy by striving for a total view of his thought and experience instead of narrowly focusing on specific philosophical theological or intellectual ideas or certain periods of his activities in isolation from other facets of this compelling figure Nicholas of Cusa and His Age: Intellect and Spirituality Thomas M. Celtic Vedic and Gnostic spirituality of the East and the secret lodges of Europe Germanic Spirituality was profoundly affected by the Rhineland Mystics such as Meister Eckhart and others The book then explains how the renaissance in Central Europe passed the torch of spirituality and philosophy to the great secret lodges of Europe which brought it to the rest of the world This book is designed to allow the reader to go back into history and see where the virtues ethics and philosophy of modern mysticism comes from which has impacted anyone who studies spirituality philosophy and metaphysics today **An Introduction to Christian Mysticism** Jason M. *Nicholas of Cusa on the Trinitarian Structure of the Innate Criterion of Truth* Paula Pico Estrada, 2021-11-22 In Nicholas of Cusa on the Trinitarian Structure of the Innate Criterion of Truth Paula Pico Estrada offers an analysis of Nicholas of Cusa's 1401-1464 unitrine conception of the human power of judgment arguing that the innate criterion that guides human beings to their end is formed by a cognitive an affective and a social dimension and that it not only makes possible the systematization and evaluation of cognitive experience but also enables morality Based on a close reading of Cusanus philosophical treatises the study deepens our understanding of Nicholas of Cusa's epistemology showing that his anthropological conception integrates philosophy and theology **Art and Mysticism** Louise Nelstrop, Helen Appleton, 2018-06-12 From the visual and textual art of Anglo Saxon England onwards images held a surprising power in the Western Christian tradition Not only did these artistic representations provide images through which to find God they also held mystical potential and likewise mystical writing from the early medieval period onwards is also filled with images of God that likewise refracts and reflects His glory This collection of essays introduces the currents of thought and practice that underpin this artistic engagement with Western Christian mysticism and explores the continued link between art and theology The book features contributions from an international panel of leading academics and is divided into four sections The first section offers theoretical and philosophical considerations of mystical aesthetics and the interplay between mysticism and art The final three sections investigate this interplay between the arts and mysticism from three key vantage points The purpose of the volume is to explore this rarely considered yet crucial interface between art and mysticism It is therefore an important and illuminating collection of scholarship that will appeal to scholars of theology and Christian mysticism as much as those who study literature the arts and art history *The Scandal of Sacramentality* Brannon Hancock, 2014-09-25 The sacrament par excellence the Eucharist has been upheld as the foundational sacrament of Christ's Body called church yet it has confounded Christian thinking and practice throughout history Its symbolism points to the

paradox of the incarnation death and resurrection of God in Jesus of Nazareth which St Paul describes as a stumbling block skandalon Yet the scandal of sacramentality not only illustrated by but enacted in the Eucharist has not been sufficiently accounted for in the ecclesiologies and sacramental theologies of the Christian tradition Despite what appears to be an increasingly post ecclesial world sacrament remains a persistent theme in contemporary culture often in places least expected Drawing upon the biblical image of the Word made flesh this interdisciplinary study examines the scandal of sacramentality along the twofold thematic of the scandal of language word and the scandal of the body flesh While sacred theology can think through this scandal only at significant risk to its own stability the fictional discourses of literature and the arts are free to explore this scandal in a manner that simultaneously augments and challenges traditional notions of sacrament and sacramentality and by extension what it means to describe the church as a eucharistic community

Robichaux, 2022-01-01 This volume is the first of a two part work that evaluates the teaching of justification by faith from the early church to modern times in light of the Scriptures and the ministry of Watchman Nee and Witness Lee Part 1 begins with a thorough presentation of the evaluative standard by which the authors will measure the teachings of the various Christian traditions Then following a historical overview of justification by faith in the major traditions they proceed to give a detailed assessment of the doctrine as taught in the patristic era in the medieval era and by Martin Luther at the inception of the Protestant Reformation The volume aims to point out the shortcomings and contributions of the first 1 500 years of the church's teaching on justification by faith and to offer a fresh understanding of this foundational truth of the Christian faith      **Refiguring Theological Hermeneutics** M. Grau, 2014-12-17 Grau reconsiders the relationship between logos and mythos as a precondition to opening theological hermeneutics to discourse from other cultures and genres other modes of telling and retelling
