The World Bank Legal Review, Volume 2: Law, Equity and Development The World Bank, 2006-12-31. The World Bank Legal Review is a publication for policy makers and their advisers, attorneys and other professionals engaged in the field of international development. It offers a combination of legal scholarship, lessons from experience, legal developments and recent research on the many ways in which the application of the law and the improvement of justice systems promote poverty reduction, economic development and the rule of law. In keeping with the theme of the World Development Report 2006, Equity and Development, and following the success of the World Bank Group's Legal Forum on Law, Equity and Development in December 2005, volume 2 of The World Bank Legal Review focuses on issues of equity and development. The volume draws together some of the key ideas of the Legal Forum, including articles by many of its distinguished participants, and explores the role of equity in the development process, highlighting how legal and regulatory frameworks and equitable justice systems can do much to level the playing field in the political, economic and sociocultural domains, as well as how they can reinforce existing inequalities. Consistent with the interdisciplinary nature of this endeavour, Law, Equity and Development contains work by academics and practitioners in law, criminal justice, economics, human rights, social development, cultural studies and anthropology.

Private International Law in Nigeria Chukwuma Okoli, Richard Oppong, 2020-06-11. This book examines the rules, principles and doctrines in Nigerian law for resolving cases involving cross border issues. It is the first book-length treatise devoted to the full spectrum of private international law issues in Nigeria. As a result of increased international business transactions, trade and investment with Nigeria, such cross border issues are more prevalent than ever. The book provides an overview of the relevant body of Nigerian law with comparative perspectives from other legal systems. Drawing on over five hundred Nigerian cases, relevant statutes and academic commentaries, this book examines jurisdiction in interstate and international disputes, choice of law, the enforcement of foreign judgments and international arbitral awards, domestic remedies affecting foreign proceedings and international judicial assistance in the service of legal processes and taking of evidence.
