Herman Ermolaev

Photography Year 196:

Year-book of Photography and Photographic News Almanac ,1891 **The Year-book of Photography and Photographic News Almanac for ...** ,1891 **The Examiner** Alexander Duncan,1865 Mikhail Sholokhov and His Art Herman Ermolaev,2017-03-14 Treating Sholokhov's art and life against the Soviet political background the author considers the episodes in his life that influenced his writing and then shows how one sided commitment to party ideology led to his creative deterioration Originally published in 1982 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Max Planck Handbooks in European Public Law* Armin von Bogdandy,Peter Huber,Christoph Grabenwarter,2020-03-12 The Max Planck Handbooks in European Public Law describe and analyse public law of the European legal space an area that encompasses not only the law of the European Union but also the European Convention on Human Rights and importantly the domestic public laws of European states Recognizing that the ongoing vertical and horizontal processes of European integration make legal comparison the task of our time for both scholars and practitioners the series aims to foster the development of a specifically European legal pluralism and to contribute to the legitimacy and efficiency of European public law The first volume of the series began this enterprise with an appraisal of the evolution of the state and its administration offering both cross cutting contributions and specific country reports The third volume the second in chronological terms continues this approach with an in depth appraisal of constitutional adjudication in various and diverse European countries Fourteen country reports and two cross cutting contributions investigate the antecedents foundations organization procedure and outlook of constitutional adjudicators throughout the Continent They include countries with powerful constitutional courts jurisdictions with traditional supreme courts and states with small institutions and limited ex ante review In keeping with the focus on a diverse but unified legal space each report also details how its institution fits into the broader association of constitutional courts that through dialogue and conflict brings to fruition the European legal space Together the chapters of this volume provide a strong and diverse foundation for this dialogue to flourish **Photography and Other Media in the Nineteenth Century** Nicoletta Leonardi,Simone Natale,2018-02-05 In this volume leading scholars of photography and media examine photography's vital role in the evolution of media and communication in the nineteenth century In the first half of the nineteenth century the introduction of telegraphy the development of a cheaper and more reliable postal service the rise of the mass circulation press and the emergence of the railway dramatically changed the way people communicated and experienced time and space Concurrently photography developed as a medium that changed how images were produced and

circulated Yet for the most part photography of the era is studied outside the field of media history The contributors to this volume challenge those established disciplinary boundaries as they programmatically explore the intersections of photography and new media during a period of fast paced change Their essays look at the emergence and early history of photography in the context of broader changes in the history of communications the role of the nascent photographic press in photography s infancy and the development of photographic techniques as part of a broader media culture that included the mass consumed novel sound recording and cinema Featuring essays by noteworthy historians in photography and media history this discipline shifting examination of the communication revolution of the nineteenth century is an essential addition to the field of media studies In addition to the editors contributors to this volume are Geoffrey Batchen Geoffrey Belknap Lynn Berger Jan von Brevern Anthony Enns Andr Gaudreault Lisa Gitelman David Henkin Erkki Huhtamo Philippe Marion Peppino Ortoleva Steffen Siegel Richard Taws and Kim Timby

The Art of Japanese Cloisonné Enamel Fredric T. Schneider, 2015-08-28 The author has left no stone unturned We thoroughly enjoyed and recommend *Glass on Metal Comprehensive Maine Antique Digest* This book provides a detailed history of Japanese cloisonné enamel and the development of its many technical varieties Part One presents the 400 year history and context of Japanese enamels from their beginnings around 1600 covering the crucial decades of the late 19th and early 20th centuries extensively Part Two is organized by individual technique and categorizes and discusses the many variations of cloisonné enamel developed in Japan Integrated into both parts are biographies of many cloisonné masters along with discussions of the technical and scientific underpinnings of the craft The work is complemented by 32 color plates with 128 images an extensive glossary several appendices an extensive bibliography and a full index
