Africa in the Contemporary Spanish Novel, 1990-2010 Mahan L. Ellison, 2021-08-19 The time period of 1990 2010 marks a significant moment in Spanish literary publishing that emphasized a new focus on Africa and African voices and signaled the beginning of a publishing boom of Hispano African authors and themes Africa in the Contemporary Spanish Novel 1990 2010 analyzes the strategies that Spanish and Hispano African authors employ when writing about Africa in the contemporary Spanish novel Focusing on the former Spanish colonial territories of Morocco Western Sahara and Equatorial Guinea Mahan L. Ellison analyzes the post colonial literary discourse about these regions at the turn of the twenty first century He examines the new ways of conceptualizing Africa that depart from an Orientalist framework as advanced by novelists such as Lorenzo Silva Concha L. pez Saras a Ram n Mayrata and others Throughout Ellison also places the novels within their historical context specifically engaging with the theoretical ideas of Edward Said's Orientalism 1978 to determine to what extent his analysis of Orientalist discourse still holds value for a study of the Spanish novel of thirty years later

Bernard Shaw and the Spanish-Speaking World Gustavo A. Rodríguez Martín, 2022-05-10 This book explores through a multidisciplinary approach the immense influence exerted by Bernard Shaw on the Spanish speaking world on both sides of the Atlantic This collection of essays encompasses the reception and dissemination of his ideas the translation of his works into Spanish the performance history of his plays in Spain and Latin America and Shaw's influence on many key figures of literature in Spanish It begins by delving into Shaw's knowledge of Spanish literature and gauging his acquaintance with the Spanish cultural milieu throughout his tenure as an art music and theatre critic His early exposure to Spanish speaking culture later made the return trip in the form of profuse critical reception and theatrical success in countries like Spain Argentina Mexico and Uruguay This allows for a more detailed investigation into the unmistakable mark that Bernard Shaw left in the oeuvre of leading Spanish speaking authors like Ramiro de Maeztu Jorge Luis Borges or Nemesio Canales This volume also assesses the translations of Shaw's works into Spanish while also providing a detailed publication history of these translations

Don Quixote's Impossible Quest for the Absolute in Literature William Franke, 2024-07-31 This book offers a reading particularly of Part II of Don Quixote a reading

that is embedded in a philosophical reflection on the revelation of religious truth in and through literature Part II of Don Quixote is the far richer part for its meta literary reflection on the novel itself as a genre and on life as such seen through the lens of self reflection The author has treated the phenomenon of modern self reflexivity as originally theological in nature in previous publications notably Dante s Paradiso and the Theological Origins of Modern Thought Toward a Speculative Philosophy of Self Reflection Routledge 2021 The present endeavor expands this overall intellectual project extending it into detailed consideration of what is recognizably another nodal great work inaugurating unprecedented forms of self reflection in the early modern period Reading the founding texts of literary and cultural tradition in this negative theological key proves crucial to allowing them to release the full force of their religious vision in the present age despite its sometimes obstinate secularity This reading absorbs and reconciles the religious and secular readings of Miguel de Unamuno and Jos Ortega y Gasset two of Spain s outstanding philosophical luminaries Both thinkers based their entire philosophies and their analyses of the Spanish national character and destiny on their interpretations of the Quixote Negative theology deploys critical reason that critiques the limits of reason itself and opens toward an unfathomable un ground of All Such speculative interpretation performs a synthesis of the secularizing and sacralizing tendencies that are both sublimely operative in the text of the Quixote It thereby enables the work to emerge in the fully parodic and paradoxical vitality that other interpretations governed by one paradigm or the other access only partially Rather than falling into one camp or the other the proposed approach combines and resources both heritages sacred and secular in their deepest synergisms Spanish baroque mysticism and contemporary post secular thought are made to converge in highlighting the blessed even sacred donation that literature like Don Quixote preserves and transmits as our most precious and saving cultural heritage

Tourism and Language in Vieques Luis Galanes Valldejuli,2017-12-06 After more than sixty years of

occupation by the U S Navy and intensive community struggles the Puerto Rican island of Vieques was finally returned to civilian control in 2003 But as this book documents the Viequenses struggles were far from over after the departure of the Navy The Viequenses were left to contend with the devastating effects of sixty two years of bombing the environment and health of the population had been severely harmed Yet this was a minor issue in comparison to the effects of the newly instated tourism industry on the island Drawing from ethnographic research conducted between 2004 to 2016 Luis Galanes Valldejuli captures the larger social conflict derived from the arrival of tourists who brought change to the island in the form of land speculation work conflicts racism language barriers and neoliberalism A close observer of the Viequenses Valldejuli details the deleterious effects of tourism on the voice of the Viequenses they were no longer heard This book is recommended for scholars of anthropology tourism studies linguistics cultural geography political science and history **The National**
